Ballot Listings For Con-Con Vote Fixed by Lottery

Dan O'Neill of Alton, one of nine candidates seeking nomination as delegates to the Illinois Constitutional Convention from the 53rd Senatorial District, won first place on the 53rd District ballot Tuesday night as the Illinois Electoral Board applied a "lottery" procedure to determine ballot positions in all 58 districts of the state.

The electoral board, confronted with a Tuesday mid-night deadline for certifying the names of candidates to county clerks for the Sept. 23 primary, chose the ballot positions by lottery under an order by the U. S. Circuit Court of Appeals.

That ruling was handed down after two Chicago candidates brought action charging that Secretary of State Paul Powell had given preference to favored ballot positions to candidates who mailed nominating petitions to candidates who mailed nominating petitions over candidates who stood in line to await the opening of Powell's office on the first filing day.

Powell was present during selection of candidate positions, a job that ran well into the night, but did not participate in the action. The secretary of state continued until the last minute efforts to change the court ruling, contending he had followed procedure in use by the secretary of state's office for 50 years. The state electoral board is made up of the governor, the attorney general, state auditor, state treasurer, secretary of state, and the state committee chairmen of both major parties.

In the 53rd District, which includes the Quad-City area and six other Madison county townships, candidates in the order in which their names will appear on the ballot are:

Order of Candidates
O'Neill; Victor Darnell, Edwardsville; Doreen Young, Alton; Lucien B. Ringiering, Wood River; Alan Franz, Edwardsville; Ray Johnson, Troy; Charles Michael Mendor, 4122 Lake drive, Granite City; Blice W. Yount, Edwardsville, and Wendell Durr, Edwardsville.

Voters of the 53rd District, as well as those of districts throughout the state, will nominate four delegate candidates the Sept. 23 primary. A runoff election will be held Nov. 18 to name two delegates from among the four nominees.

Each district will send two delegates—a total of 116 delegates from the state as a whole—to the Constitutional Convention which is scheduled to convene Dec. 8.

Disaster Coordination Plan to be Developed

Development of an overall plan to improve communications between all organizations and supporting services involved in disaster preparedness will be the topic of a special meeting at 2 p.m. Thursday, Aug. 21, in the Main Office conference room at American Steel Foundries, 1700 Walnut street.

Jack Absalom, disaster chairman for the Tri-City American Red Cross chapter, has invited area business and civic leaders and representatives of health, welfare and protection agencies to attend next Thursday's session.

Purpose of the meeting, it was explained, is to review problems involving medical, protective services and administrative organizations in this area and to determine if services are mutually coordinated to provide the most effective assistance in the event of a widespread major disaster, such as a tornado, flood or windblown fire.

Madison Metal Company Formed, Key President

Ben Friedman, board chairman of American Industries Corp., announced yesterday the formation of the Madison Metal Decorating Co., formerly the Granite City Metal Decorating Co., Division of Caine Steel Co.

At the same time, Friedman announced the appointment of Roderick W. Key as president of the newly-formed firm.

The company has just completed installation of a new high-speed strip coating line in its new building at No. 1 Caine drive, Stephen Maeras Industrial Park, Madison. This represents the first phase of a long-range program to enlarge the capacity of this type of processing in this area, Chairman Friedman said.

Native Granite Cityan

Key, a native of Granite City, began at the Granite City Steel Company's North plant in 1934, progressing to the sales department in 1937. In 1951, he left Granite City Steel to join Standard Steel Warehouse of St. Louis as vice-president and general manager.

He resigned this post to join Caine Steel as its southern sales representative, advancing to purchasing, office manager and assistant manager of the St. Louis Division, under the late William S. Harms.

In 1956, Caine Steel purchased the Granite City metal decorating lines at the liquidation of the National Enameling and Stamping Co. Key was named manager of this division, located at 1100 Neidringhaus avenue, and has remained in this post until his new assignment.

Key and his wife, Irene, reside at 3245 Franklin avenue. They have one son, Bob, an assistant professor at Eastern Illinois University, who resides with his wife, Jane, and daughters, Elizabeth and Stephanie, in Charleston, Ill.

Active in Local Groups

Key is a member of the Nameoki United Methodist Church, Manufacturers Association of the Tri-Cities, Southern Illinois Manufacturers Association, National Metal Decorators Association and Missouri Athletic Club of St. Louis, and a

2 Trailer Requests Approved, 1 Denied

The Madison county board of supervisors approved two petitions to install mobile homes in Nameoki and Chouteau Townships, denied one in Chouteau township and referred a fourth request over until next month for further consideration by the county zoning board of appeals.

Granted were the requests of: Elmer W. Johnston in an M-1 limited manufacturing district of Chouteau township with a stipulation that if he obtains the lot adjoining his property, the permit granted should include that ground.

Gerald and Ellen Morris in an R-2 one-family residence district of Nameoki township with the stipulation that the petitioner subdivide and plat the area into lots and that three mobile homes be placed on a separate lot and have their own septic tank and sewerage disposal system and their own water supply and that they be treated as separate entities on appeal.

Hold over was the mobile home petition of Ralph Moehle on the request of Nameoki township Supervisor Harry Briggs. The zoning board had recommended denial of the petition.

The petition denied was that of Robert Galt for a mobile home in an R-3 one-family residence district in Chouteau township.

Vandals Damage Auto, Windows at 3 Homes

Four reports of vandalism were made to Granite City police Tuesday night and Wednesday morning involving window damage to an auto and three homes.

Charles Cook, 100 Briarhaven, told police the windshield of his 1960 auto was broken out while the car was parked on the Illini Apartments lot.

Harry Brandt, 2809 Indiana avenue, said vandals picked up apples that had fallen on the ground in his yard and hurled them at the house, breaking a storm door glass; and Linda Pickett, 1827 Maple street, reported a piece of concrete was thrown through the storm door glass at her home.

Julius Keno Jr., 2218 Edison avenue, told police he found two holes in a storm window at his home about 10 p.m. Tuesday but could not determine what had been used to cause the holes.

Director of the Chamber of Operations at the Tri-Cities

Operations at the Madison location began June 28. The relocation of equipment will continue for several months.

The firm will continue the printing of designs on metal, adding to its previous products metal containers suitable to contain food.

**The Accutron®
tuning fork
The power behind
the anti-tick
movement**

The things that make a watch tick are the things that can make a watch run wrong. Like its balance wheel. And misalignment and balancing. So Bulova lets those things out of the Accutron timepiece. And replaced the whole works (including the tick) with a tiny tuning fork that hums. The tuning fork splits a second into 360 equal parts. (The best a ticking watch can do is 5 or 10.) The tuning fork's uncanny precision makes Accutron so nearly perfect that Bulova guarantees accuracy to within one minute a month. With accuracy like that, a watch has no business ticking when it could be humming.

Another Manhole Sinking in GC Sewer System

Another sinking manhole on the Nameoki area sanitary sewer system was discovered this week, it was reported yesterday by Street Supt. William Warfield, who said the manhole is located on St. Clair avenue just 30 feet east of the point where a portion of the line already has been replaced near Wayne avenue.

Meanwhile, repairs have started on the sinking manhole along Fehling road. The roadway has been blocked off at another point where an earlier sewer break occurred at a lift station and an excavation was needed this week to change location of utility lines and to relocate the vent stack for the lift station across the roadway away from the homes.

Closed-circuit television inspection of trouble sections of the sanitary sewer line is scheduled to start next week, Warfield said, adding that most of the sewer cleaning work in preparation for the inspection is completed. Included for inspection are the St. Clair and Lynch avenue lines as well as the Fehling road line.

With the inspection, the city is to decide if lines are to be repaired or replaced. A total of \$820,000 has been budgeted for maintenance of sewers this fiscal year, but the council has yet to determine the amount of a special tax levy.

Nameoki Twp. Seeks \$160,230 Flood Aid

Estimated cost of repairing flood damaged roads, culverts and drainage canals in Nameoki township will exceed \$160,000, according to a request for federal disaster funds announced Tuesday by Township Supervisor Harry Briggs.

The township's request for funds under last week's disaster area proclamation issued by Gov. Ogilvie was to be filed yesterday by the East Side Levee & Sanitary District with William L. Elsie, Southwest Illinois Mutual Area coordinator of the Illinois Office of Civil Defense at Swansea.

Briggs said the report prepared by Nameoki Highway Commissioner Charles Blankens necessary repairs to eight miles of damaged roads, \$8000, and clearing silt from ditches, unclogging culverts and cleaning and replacing tile, \$2230, which includes labor costs.

Major items in the request for federal funds involves an estimated \$150,000 expenditure for dredging, clearing and replacing tile in a 1/2-mile drainage line, part of which is a covered tile system.

The line runs from the area of the Beatty farm north of Pontoon road, eastward to Long Lake. The repair and replacement project to the drainage system and adjacent ditches will prevent future flooding and subsequent damage to township roads, Briggs explained.

Madison county was among 26 Illinois counties declared a disaster area last week as a result of damages by interior flooding from heavy rains in early July. Federal funds are available only for damages to public property and not to individual homeowners or others who suffered private property losses from the floods.

Largest claim from area communities has been filed by Granite City, amounting to \$272,888.

Meramec Float Trip Sparks MYF Campout

A leisurely five-and-a-half-hour ride on interurbans along the Meramec River in Missouri highlighted the second annual float trip and campout of the United Methodist Youth Fellowship of Nidringhaus United Methodist Church, completed this week at Meramec State Park, near Sullivan, Mo.

Twenty, college and senior high age young people enjoyed three days and two nights of camping at the state park, accompanied by eight adult chaperones.

Expenses incurred on the trip were partially defrayed by a contribution from the Women's Society of Christian Service of Nidringhaus Church. An additional donation of soft drinks, used on the campout, was presented the group by Raymond Henley.

UMYF members taking part included Dennis and Jeff Jolly, Del McMillan, Bob and Christy Ashcraft, Dennis Hatcher, Don Martin, Keith Gardner, Terry Reid, Nancy Neppert, Kay and Bruce Van Metre, Tony Garner, Mike Byrd, Sharon Rouland and Kathy Treadwell. Guests were Tom Yates, Mr. and Mrs. Bruce Groshing and sons, Bruce and Tom, and associate pastor, Rev. Dean Blackburn, and Mrs. Blackburn.

Union Division Names 2 to Sales Manager Posts

W. W. Bissell and J. M. Ferguson have been promoted to two newly-created positions in the Union Division, Miles Laboratories, Inc., food and beverage sales force.

Bissell will be sales manager for the company's corn syrup, citric acid, food starch, cyclamates and caramel color products to the food and beverage industries in the western U.S. Ferguson will have the same responsibilities in the eastern U.S.

Both men will be headquartered in the Division's home office in Granite City. In announcing the appointments, J. A. McLean, national sales manager for the food and beverage sales force, said, "This follows our plan of restructuring Union Division's two sales forces, corn syrup and citric acid, into one force which will handle sales to the food and beverage industries."

The new sales structure will result in better service to Union's customers and in simplification of administration of the Division's sales efforts, he said.

Prior Assignments
Prior to the promotion, Bissell was assistant sales manager for corn syrup. He has held posts with the Union Division as regional sales manager and sales representative.

Bissell is active in the Granite City Junior Achievement program. His wife, Bea, Nancy and Ann, make their home in Chesterfield, Mo. Ferguson was eastern regional sales manager for Union Division and previously held posts as administrative assistant, sales and technical sales representative. He has a bachelor of science degree from Upsala College and a master's degree in chemistry from New York University.

He has been active in the Salesman's Association of the American Chemical Industry and served two terms on the board of trustees. He served on the board of the New York Chemists Club and as suburban vice-president.

Ferguson was eastern regional sales manager for Union Division and previously held posts as administrative assistant, sales and technical sales representative. He has a bachelor of science degree from Upsala College and a master's degree in chemistry from New York University.

Motorist Fined \$90 On Six Charges
Six charges resulted in fines totaling \$90 for a Granite City motorist who was arrested Tuesday afternoon at Nameoki and Johnson roads.

Charged was Gaylon Scopy, 22, of 2008 Iowa street, who initially was charged with disobeying a traffic signal and unsafe lane changing. He also was charged with improper display of license plates, improper auto registration, failure to secure a new registration, and no certificate of title. A charge of failure to have a city auto license was dismissed by the magistrate.

Traffic Charges
A charge of disobeying a traffic signal at East 23rd street and Nameoki road was placed against Thomas McGovern, 244 Grand avenue, Wednesday morning. A similar charge was placed against Emma Early, 222 Colgate drive, at Nameoki and Johnson roads.

Madison County Juvenile Detention Home Modern, Simple

By M. E. BARTOSIAK

The new Madison county juvenile detention home will eliminate 12 years of effort in planning, financing and construction when it accepts its first wards later this month.

The modern facility, located on the old Madison County Tuberculosis Sanatorium grounds in Edwardsville, will remove youngsters in trouble from the environment of the county jail and its hardened inmates.

Erected at a cost of more than \$500,000, it will accommodate a maximum of 21 youths whose stays will average from 15 to 20 days.

James Reidelberger, chief probation officer, is planning an open house for Aug. 23, and target dates for accepting youngsters is Aug. 27 and for full-time operation of a juvenile court at the home is Sept. 8.

Juvenile Court

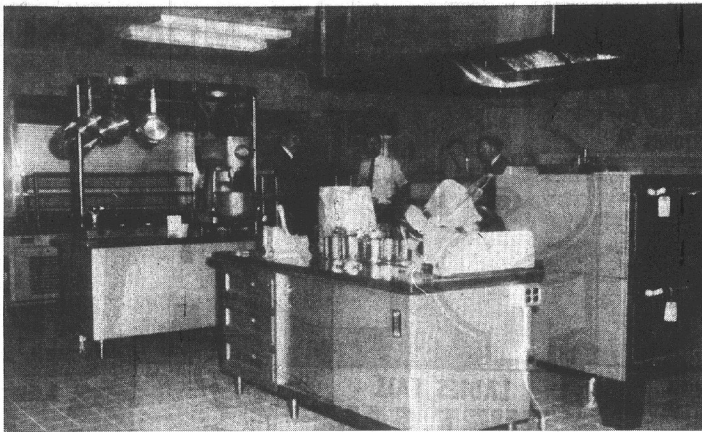

Circuit Judge William Beatty will sit in the juvenile court, a relatively small room in the building. He will have chambers directly behind it.

Headquartered at the building are the juvenile, court services and detention divisions of the probation office, while the adult division remains at its old office at 405 Center street in Edwardsville.

Though the building was not designed to provide a "country club" atmosphere for the juveniles, use of 65 different color schemes eliminates the drab institutionalized air. The youngsters will each have small private bedrooms, measuring 8x10 feet, in four wings. Each wing has an isolation room.

Control Room

A control room in the one-story structure, located at one end of a living room, contains closed circuit television to monitor the doors of the room. It

MODERN KITCHEN FACILITIES at the Madison county juvenile detention home to accommodate as many as 21 youngsters held in custody there. A small kitchen adjoins it.

will not invade the privacy of the youngsters in their rooms. The ground floor also contains a modern kitchen with a small adjoining dining room, a reception office and small offices for probation officers.

A fully accredited school is being provided, with teachers to be assigned by the Edwardsville board of education. The state is to meet the cost of the school operation. Three classrooms, separated by accordion doors, are located in the basement.

Also in the basement is a small auditorium to provide a hard-type play area during inclement weather and for in-service training for the staff.

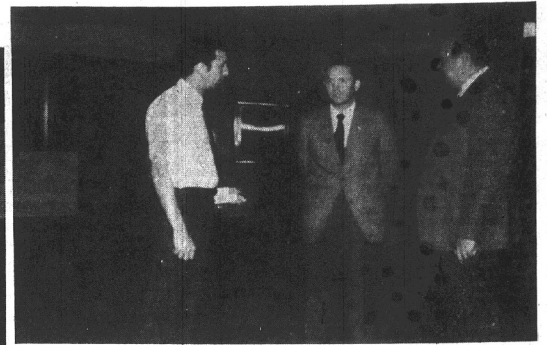

According to Bruce Groshong, superintendent of the home, a youngster taken into custody must be brought before a juvenile court judge within 24 hours. If the judge orders that the minor be detained, he can be kept into custody for up to 10 days pending a hearing when he will be adjudged a ward of the court or will be dismissed.

If he becomes a ward of the court, there is no time limit placed on his stay at the home, though the stay should not average more than 20 days. Some youngsters are referred to the Illinois Youth Commission for detention at a state juvenile institution.

If the youngster brought to the home should have a communicable disease, a small clinic and isolation room is available. A cooperative arrangement has been made with the sanatorium to provide the services of a registered nurse and an intern resident on duty at the sanatorium.

Arrangements also have been made to employ trainees under the new careers program administered by the Economic Opportunities Commission.

Though the surroundings are simple and pleasant, Reidelberger and Groshong do not believe the youngsters will not want to stay any longer than a patient wishes to remain in a hospital.

William B. Webb Jr., assistant supervisor for Granite City township, is chairman of the county board's Detention Home committee and has held the post for the past several years during the planning of the home.

His parents, Mr. and Mrs. William E. White, 324 Wabash avenue, were able to visit briefly with their son Sunday, when the military evacuation plane transferring him to the U.S. made a stopover at Scott Air Force Base, near Belleville.

"Richard seems to be getting along very well," Mrs. White said Tuesday.

The local serviceman was wounded while on a combat operation and a hostile force was encountered, according to military authorities. He arrived in Vietnam last April 1 and was assigned to the First Infantry Division near Dak To. Recently, he was transferred to another area of Vietnam as a replacement for a soldier who returned to the U.S.

A 1967 graduate of Granite City high school, Pfc White entered the Army Oct. 1, 1968, training at Fort Leonard Wood, Mo., and Fort Lewis, Wash.

County Tavern Owners Discuss Higher Costs

Price of drinks at area taverns may be increased shortly to offset the new state liquor tax and increased costs passed along to tavern operators by brewers and distributors. Higher cost of products was the major topic discussed Tuesday evening at a meeting of the Madison County Tavern Owners Association, held at Ann and Eddie's Tavern in Madison.

Charles Hester, owner of the Rose Bowl restaurant and president of the association, reported on a recent trip to Springfield for the purpose of encouraging passage of revisions in the Dram Shop Law. A deletion in the law, advocated by the tavern owners, was defeated 8-to-5 by the Senate Judiciary committee after first passing the Illinois House.

Delegates and alternates appointed to attend the annual convention of the Illinois Retail Licensed Beverage Association Sept. 15, 16 and 17 in Springfield, include Les Stratton, Jordan Rapoff, Edw. Sprajcar, Mary Worrell, Glen Schneider, Gene Frith, Edw. Grolmes, Robert Hudgens, Victor Resnick and Von Dee Cruise.

Association members from Wood River, Alton, Cottage Hill, Pontoon Beach, Granite City, Madison and county areas attended the meeting here.

A ticket charging him with speeding at 230 State street was issued Wednesday morning to Gerald Walters, 2588 State street.

MORE ABOUT

New State Air

Control Region of which Madison, St. Clair and Monroe counties on the Illinois side of the river would be a part. The rest of the region will include St. Charles, St. Louis and Jefferson counties and the city of St. Louis in Missouri.

The standards set a limit of .015 parts per million of sulphur dioxide and 75 micrograms of particulates per cubic meter of air by 1974. They also include proposed interim standards to be reached by 1972. The target dates were the only phase of the Illinois standards criticized by Missouri pollution control officials who said the pollutant limits should become effective as soon as possible.

While the Granite City Air Pollution Control Board approved the standards set up by the state board, David Brooman, acting technical secretary of the Granite City board, said in a statement presented at the hearing that the standards do not go far enough and that limits for emissions of sulphur dioxide and sulphuric acid mists should be established and made effective immediately.

Brooman Interrupted
Brooman was unable to read the statement into the record, however. He was interrupted by the Board Chairman Raymond Maxson, Elmhurst, who pointed out that the Granite City reference to other standards was a departure from the rule that testimony during the hearing would pertain only to the subject at hand—the sulphur dioxide and particulate air standards. At the beginning of the hearing, C. W. Koster, technical secretary of the Illinois board, said only testimony pertaining to the proposed regulations would be accepted because of the long list of witnesses on hand to testify.

The Granite City board statement presented by Brooman also criticized the time-table for full enforcement of the proposed state standards.

"We find that the Illinois board is now proposing that an interim goal be established for January 1972 and the actual ambient air quality standards be postponed until January 1974," the statement said. "One might surmise from the projected five-year time schedule that the Illinois board may plan to wait this long before the actual enforcement of adequate emission regulations."

Witnesses who endorsed the proposed air standards included E. P. Porter, executive secretary of the Missouri Air Conservation Commission who pointed out that the Illinois standards are virtually identical to Missouri standards except that Illinois had gone further by adding a 24-hour maximum standard for both pollutants. Porter, however, said Missouri officials "question the wisdom of a 1974 target date as being too far distant and . . . actually may act as a restraint."

Disapprove Target Dates
Charles M. Copley jr., commissioner of air pollution control in St. Louis, and January Pecok, director of St. Louis county air pollution control, also endorsed the standards and urged their adoption, but recommended elimination of the interim date and the 1974 date. Both argued that the standards should be met as soon as possible.

George Arnold of the SIU-SW staff and a consultant for the Sanitation, Landfill and Pollution committee of the county board of supervisors, said the board that "we want to go on record in favor of standards at least as good as those you have

published."

He recommended the same standards be adopted on a state-wide basis rather than just for the federal air quality region. Arnold also spoke as a representative of the SIU-SW staff, directing his remarks to the students in the audience. He said the youth of today must be depended upon for the accomplishments of tomorrow and that air pollution control must be foremost among these.

Mrs. Carole Lantier of Granite City read a letter in behalf of Mrs. Jean Francis, chairman of the Citizens Group for Clean Air in Granite City, criticizing the proposed regulations. She included clean air objectives. Mrs. Lantier then presented a statement in her own behalf, followed to the podium by Mrs. Martha Ebrecht, also of Granite City.

Women Urge Enforcement
Verna Mueller of Collinsville, Mary Omstadt of Alton, representing labor groups, and Mrs. Laura Boyd of Granite City, also spoke to urge quicker, more stringent enforcement of anti-pollution measures. Jacqueline Ronch, representing women in organized labor in Granite City, and Bertha McKine, Collinsville, of the Garment Workers Union, also were speakers with similar views.

Opposition to the standards and the target dates for full compliance were voiced in behalf of industry by Bruce E. Koster, president of the Industrial Waste Control Council who told the board that "the air quality standards proposed . . . are much lower than necessary to protect the health of the people in the community, based on what is known about health effects of air contaminants as presented in the criteria documents . . . we believe that the proposed standards, by providing an excessive safety factor, will impose a substantial and unnecessary economic burden on the community."

He said the council also believes that the proposed standards are not attainable in the time period set up by the board. Further testimony supporting the council's stand was filed with the board in prepared documents.

Would Hurt Economy
Otis J. Gibson, executive vice-president of the Midwest Coal Producers Association, told the board that enforcement of the standards set up for adoption would seriously hurt the economy in Illinois, Indiana and Kentucky and would eliminate 66% of the coal used in this

metropolitan area most of it by industries which must depend upon coal as a reasonably low-priced fuel.

He described the timetable of compliance as "unrealistic" and noted that equipment for removal of the high sulphur content from coal is not yet available. Joseph W. Mullin of the National Coal Association, John W. Tieman of the Bituminous Coal Research Association and Robert Stauffer, associate counsel of the National Coal Association spoke in support of these views.

Members of the state board of the Illinois Department of Public Health, Paul B. Hodges, Dr. Thomas J. Kelly and James J. McPolin of Chicago, an assistant Illinois attorney general.

The hearing on air standards got under way shortly after 10 a.m., recessed for lunch at noon and resumed shortly after 1 p.m., running past the 2 p.m. scheduled beginning of the second hearing on rules and regulations for exemption of political subdivisions in which local enforcement authority is sought.

Lasts 20 Minutes
In that hearing, which lasted about 20 minutes, only two witnesses testified. They included Koster, speaking for the Industrial Waste Control Council, who made a one-sentence endorsement of the regulations, and Arnold who spoke for the Madison county board pollution committee in opposition to the proposed rules.

Arnold said that "though these rules for exemption are to provide a basis for judging local compliance, they might impede local development because they could make local governments ineligible for federal funds."

"We feel the state may properly be involved in study of local eligibility for federal funds to develop a control agency, but should not have the burden of local compliance, they might impede local development because they could make local governments ineligible for federal funds."

month, and teachers with master's plus additional credits will receive increases of \$133 per month to a total of \$1365 per month.

Year Added to Schedule
In arranging the salary schedule, the board extended the length from 10 to 11 years. The increases will cost the school district \$107,000, while increments will cost another \$27,000 and employment of new teachers will cost an added \$52,000. Supt. Dragich said that in a personnel move, Mrs. Willie Watts, who was a classroom teacher at Dunbar school last year, has been appointed assistant principal at Dunbar, where she also will continue classroom duties. Classes are scheduled to start on Aug. 25.

New Gas Main Going In at 19th and Delmar
Excavations at 19th street and Delmar avenue by Illinois Power Co. were started last week to install a new gas main for the downtown district. The installation has not been without problems, as snappers stop to watch the workmen, who quickly advise them to step back with their lighted cigarettes or pipes. Motorists also have been inconvenienced, as one driver backed his car into a parking space and knocked over a barricade, while a woman trying to go between a barricade on 19th street and the curb knocked a hubcap off her car. Pedestrians also have to be wary, as drivers approaching the four-way stop intersection prefer to watch the workmen and fail to observe the stop signs.

MORE ABOUT

Phone Cable

Police company office said telephone finished the job at 11 p.m. Venice police headquarters had one phone line that remained open throughout the service break.

Burglar Alarms Sounded
Police officers at Madison headquarters said there were "a few moments of excitement" apparently at the instant the cable was cut. All of the burglar alarms directed into police headquarters from business and industrial firms went off at the same time, they said. An instant later the telephones and burglar alarm systems were dead and police were limited to use of radio communications.

A telephone company spokesman said the break involved from 1200 to 1500 services in the Madison-Venice area. The Illinois Power Co. crew cut into the line with an auger they were using to drill out the base of a damaged utility pole which they were replacing, the company said.

The pole apparently was damaged Tuesday night or early Wednesday morning by a hit-and-run driver. Granite City police had no report of an accident at the 14th and State street location, but did note that a utility pole was damaged. Police said it was believed that a truck hit the pole and then left the scene.

Imagination is Key To Urban Education
The dean of Southern Illinois University-Southwestern education division says he believes "imagination and not education in mass is the key to getting a dollar's worth of education for a dollar's spent in urban public schools."

Prof. W. Deane Wiley, SIU-SW education division head and authority on urban education, said although there is a shortage of funds for education in urban schools, he is convinced students can get more personalized instruction through innovation and organizational change.

He noted that "quality education in secondary schools cannot be attained as long as the mass approach is the only one used." The problem is that an urban school system looks upon its schools as one element, and not distinct entities with distinct problems, he stated.

"The students are the ones who suffer," he said, "because those who are 'different' usually wind up as dropouts, or in some areas in which they express little or no interest."

Unless innovation and organizational change prevails, no relief is in sight, Wiley explained, because present trends indicate that more, and not fewer, students are coming into the urban school systems.

Deeply concerned with this problem, Prof. Wiley is involved in writing two books on the subject which will be released next year. He is co-authoring a book with Lloyd Bishop of New York University on "Individualizing Instruction on the Secondary Level," and writing a chapter on "The Administrative Structure of Urban Education" in another work called the "Administrative Processes in Urban Schools."

Emergency Pumps Still Going in Pontoon Area

Pumping operations in the vicinity of Breckenridge and Central lanes in Nameoki township to rid the area of standing surface water are continuing at a rate of six hours each day. The pumping was started in the middle of the month ago following heavy rains.

Several volunteers, including Pontoon Beach Mayor Thomas Staicoff, helped to secure the pumping equipment and supervised the emergency operation on a round-the-clock basis. Twenty-four hour pumping was discontinued only two weeks ago, it was learned.

The 41-4200 blocks of Breckenridge and Division street, lying just outside the Pontoon village limits, were severely inundated by heavy rains in late June and early July. The saturated ground and overflowing ditches, which normally drain the area into Long Lake, could not absorb the flood water. Several dwellings were flooded.

About 1600-feet of pipe was obtained by Staicoff from the Granite City Army Depot to hook-up a pump acquired from the East Side Levee District. Use of a truck was donated by Howard Kaseberg, an area farmer and local business leader, to haul the pipe and other equipment to the flooded area.

Edgar Patrick, chairman of the newly-organized Nameoki Township Sewerage and Drain-

age committee, who was among the volunteers on the pumping project, said that cooperation between neighbors has been "tremendous."

"I'd hate to guess how many millions of gallons of water we have pumped out since July 8, but we are still pumping," he added. Other volunteers on the project, included Township Clerk Louis Whitsell and Auditor Robert Beedle, he said.

Season Title Goes To Steelers Team
The Steelers defeated Caton Enterprises 12-7 to earn first place in the final season standings in the Southern division Monday at Wilson Park. Playoff semifinals games saw Caton's edge B&W Confectionery 9-8 and B&E Lumber eliminated the Steelers 13-8 at Worthen Park Tuesday.

Caton's with seven hits supplemented by two errors, took the lead 6-3 in the bottom half of the first inning Monday. The Steelers regained the lead by adding five runs in the next inning. Bill Baldwin collected four hits.
Caton's on Tuesday, won an extra inning on a double by Tom Ferguson, a single by Gary Golden, Jim Davis gaining base on a fielder's choice and Clark Niepert's RBI single.
B&E led by Jim Becker's four hits, including a home run and triple, bunched most of its hits and all of its runs into three innings.

Semifinal Victories By Midtown, Hook's
Hook's trounced Tony & Joe's 11-4 and Midtown Pharmacy edged Jacobsmeyer 8-7 in Junior Poole Over 35 League semifinal playoffs at Wilson Park Monday.
On Monday, Hook's will meet Midtown in the championship-deciding playoffs contest on Wilson Park diamond No. 8 starting at 7 p.m.
Hook's used superior hitting and enemy errors to win.
After Jacobsmeyer scored once in the fourth to move within one run of a tie, it was unable to put a runner on base. Rich Branding homered for Jacobsmeyer in the third.

Soccer Registration Deadline Is Sept 2

James was sidelined for the latter half of last season with back problems, Coach Vonder Haar comments. "James always ran hard, and he was bending his back when he ran the line. It wasn't tough to see that back problems might develop, but he had trouble breaking the habit. Maybe this year he can avoid the problem."
The Trojans' all-conference tackles, Bill Campbell and John Harper, who played on both offense and defense have graduated.

New Warrior Football Coach Made Big Impact With Able Oiler Teams

"We'll win this season despite all prebabe, Granite City needs victories, not excuses."
This determined view is held by somebody in a position to do something about it—Wayne Williams, new head football coach at Granite City high school.
Although the 1969 grid season and practice period are still in the future, Coach Williams has tried to become as familiar as possible with the task that will soon begin. And he is not exactly a stranger to Southwestern Conference competition, having been the Wood River high school coach for the past two years.
"I've studied four game films over and over again," he commented. "At this point, there are no regulars." We'll start from scratch in forming the team.

Although keeping an open mind and mainly interested in seeing how well varsity candidates perform on the field, Williams feels that Fullbacks Stan Corey and Jim Greenwald and End Dave Metzler were impressive in the particular contests he has had a chance to see in motion picture form.
200-90 Scoring Edge
Williams at Wood River had teams with solid defense. Last year's Oiler varsity yielded less than 50 points while the offense scored more than 200.
When asked about basic strategy, Williams responded, "Defense won't be a big problem. All I'll have to do is find the toughest fellows," he said, noting the big enrollment team which to assemble the team.

"For all the players, the terminology I use will be new to them. We'll probably be working early on preparing the team for a different playing style," he added.
The Warrior football schedule: Sept. 13, 8 p.m., at Belleville Altoft, Sept. 19, 8 p.m., Stephen De-catur, here, Sept. 26, 8 p.m., Collinsville, here, Oct. 4, 1 p.m., at Altou, Oct. 10, 8 p.m., Wood River, here, Oct. 17, 8 p.m., East St. Louis, here, Oct. 24, 8 p.m., at Edwards-ville, Oct. 31, 8 p.m., Quincy, here, Nov. 7, 8 p.m., at Belleville West.

2 of Top 4 Inter-City Teams to Collide Here

Pocahontas Title Threat
Pocahontas is only a half-game out of the lead. Among its five games to be played is a double-header against Marcell.
If the race remains tight, the Pocahontas-Mercer game Aug. 31 at Wilson Park may mean "make or break" to these teams.
Tankley Tops at .442
Mercer's Harold Tankley is the league's best batter with an average of .442 and is second high in RBI's with nine.
Bob Ketter, also of Mercer's, is the leader in runs batted in with 10 and is sixth in the hitting race at .327.
Others doing well at the plate are Mike Weber of Pocahontas, 4th, and Collinsville's Charles Hansenst 3rd, Steve Helm-kamp 3rd and Jesse Young, also .338.

Big Tennis Meet Here This Weekend
A Granite City invitational tennis meet will begin Aug. 24, Saturday and Sunday at Wilson Park and Granite City high school courts.
Boys and junior boys' matches will begin Friday at 9 a.m. and men's, senior men's and women's matches will begin Saturday at 9 a.m.
Pierce competition is expected in men's singles for a 34-inch traveling trophy. It will become the permanent possession of a three-time winner.

Returning are John Van Bus-kirk, defending champion, and David Moss, who has won the event once. Ron Underwood, a former Granite Cityan who resides in Murray, Ky., also is expected; he has won twice.
You may not be able to judge a man by the company he keeps, but it's a good indicator.

Speedy Backs, Hefty Linemen Bolster Madison High Squad in '69
Madison high school's head football coach, Al Vonder Haar, will have his eyes peeled for recruits for his 1969 team this year. The scheduled date is Aug. 20.
So far, last year's junior varsity quarterback, Austin Lewis, is the only prospect. Vonder Haar feels "Lewis can do the job," but would like a larger number of players in the line, the all-around department.
Madison will need an arm to throw the ball with blazing speed in order to pass to 100-yard sprinting star George Tyus, Dwayne Shaw and veteran all-conference and John Er-vin.

Big Guards Back
Four guards are returning—Ted Narvaez, all-conference Robert Scott and Tony Young and Don Franklin. Last year they weighed, respectively, 200, 205, 210 and 180 pounds, and are expected to prove even more brawn this season.

Other returning lettermen are Dan Bargiel, Tim Bennett, Bruce Crawford, Phillip Davis, Joe Dozier and Oscar Hagler. The Trojan football schedule: Sept. 12, 7:30 p.m.—O'Fallon, here, Sept. 18, 7:30 p.m.—Rosary of St. Louis, here, Sept. 26, 7:30 p.m.—at Highland, Oct. 3, 7:30 p.m.—Triad here, Oct. 10, 8 p.m.—Breece at Mater Dei, Oct. 17, 8 p.m.—at St. Pius of Festus, Mo., Oct. 24, 7:30 p.m.—at Dupu. Oct. 31, 7:30 p.m.—at Roxana, Nov. 7, 8 p.m.—Bethalto here.

Playoff Activity In Softball Leagues

Competition took place in three Granite City park softball leagues last night.
Schreiber's tilted Moore Construction 13-8 and Ashal Insurance edged Jacobsmeyer 3-2 in High School Girls semifinal playoffs at Wilson Park. The championship game will be Wednesday, Aug. 20, at 7 p.m. on Wilson Park diamond No. 8.
Left Overs beat the Cardinals 8-5 and Friederich Heat & Air stunned the Int. Between 19-12 in Western division playoff semifinals at Worthen Park. The Western title will be decided at 7 p.m. next Wednesday at Worthen Park.
Schreiber's defeated Kentucky Fried Chicken 6-4 to win first place for the season in Women's double softball at Wilson Park.
Hitting stars were Deena Paulos, Eileen Bodi and Judy Prewett of Schreiber, Myrna Schofield of Kentucky, Jerry Shelton of Tom's and Robin Taggart and Larry Shipley of Friederich.

Seek Bigger Crowd At Car Races Friday

Local cars will return to the Tri-City Speedway, 5100 Nameoki road, at 7:30 p.m. Friday, trying to repeat their sweeping victory of last week in the semi-model stock car feature race.
Glen Seiching of Granite City won for the first time. His 283-cubic-inch displacement engine was matched against engines as large as 427.
Third-place Robert Stanton of Granite City will return but No. 5 car owned by Thomas Donaldson of Mitchell was severely damaged Sunday in racing. Springfield and may not be ready to run tomorrow.
All of the super-modified wingmen and drivers of last week will appear, including Jim Jenkins, Charlie Booter and Gene Hamner.

Whether races will be held after this week will depend on the attendance, a spokesman said. Competition from state and county fairs has diminished the crowds in recent weeks after earlier turnouts exceeding 4000, and for the first time tomorrow the awards to drivers will be based on a percentage of the receipts, rather than guaranteed amounts.

Nothing's too good for any guest of ours. And we're planning on a homeful.

I'll be the perfect time for you to find out anything you want to know about what's new in this year's Volkswagen.

And why.

Or to ask us all the things you may have wanted to ask a Volkswagen owner as you were passing him.

Or as he was passing you.

Like: How does it go in snow?

What do you get to a gallon?

What do you do for parts?

How's the resale?

Of course, you can just wander around on your own, too. Just as if Open House wasn't happening.

All we ask is that you do not abuse our hospitality by trying to buy a car during Open House.

There's a time and a place for everything.

SOCIETY

District Eagles Picnic Sunday

The Eagles Auxiliary of Aerie 1126 met at the hall Tuesday evening, with 35 members participating and the president, Mrs. Helen Frazier, presiding over a business session.

The chaplain, Mrs. V. A. Stone, opened the meeting with prayer and Mrs. Leona Delafosse gave a financial report. A report also was given by the ways and means chairman, Mrs. Angie Buehler.

The auxiliary has been invited to attend "Margaret Willoughby Day" in honor of the state president in Carbondale Aug. 24, with refreshments preceding a special initiation ceremony in the president's honor.

Mrs. Frazier announced that an Eagles district picnic will be held at Falling Springs Park near East St. Louis Aug. 17. The public has been invited to attend the all-day event. The members have been invited to participate in a District Eight meeting in Wood River Sept. 7, when election of district officers will take place.

The Granite City chairman for cerebral palsy discussed the district and the auxiliary voted a donation. The president reported on a successful pot luck dinner given by the Aerie.

Games were played and prizes were awarded to Mrs. Ann Kopyka and Mrs. Buehler. Refreshments were served. The next meeting will be Aug. 26 at the hall.

VENICE METHODIST WCS MEETS AT CHURCH

The Women's Society of Christian Service of the Venice United Methodist Church met last night at the church.

Miss Marian Cunningham offered the opening prayer, and Mrs. Magdalene Smith gave the lesson. After the closing prayer by Mrs. Smith a dessert course was served by Mrs. Mable Baker and Miss Cunningham to 12, including two guests, Rev. Robert Smith, church pastor, and Mrs. Cora Johnson, of St. Louis.

Others present were Mrs. Matie Deacon, Mrs. Allene Marcus, Miss Anna Wilcox, Mrs. Margaret Brooks, Miss Helen Korb, Mrs. Rita Smith and Miss Janice Jenne.

Legion Unit Plans Convention

Mrs. Doris Edwards, newly elected president, was in charge last night at a meeting of the American Legion Auxiliary, Post 113, at the Legion hall.

Mrs. Edwards reported on plans for the county convention to be held here Aug. 20, and the members voted to participate in the Namekiki Village shopping center bazaar to be held in September. A report was heard on the recent Department convention held in Chicago.

Mrs. Hazel Odum was hostess, and there were games for entertainment, the prizes going to Mesdames Nellie Hillner, Edwina, Esther Harris, Odum, Ray Douglas, Alma Klaus and Mrs. Beverly Edwards. The district award went to Mrs. Victoria Portell.

Dog Club Plans to Hold Parade Sept. 28

The Quad-City Dog Club discussed plans for a Dog Week parade on Sept. 28 during a meeting Wednesday evening at the YMCA.

The time and route is to be determined. Trophies and ribbons will be awarded, and trophies will be presented to the oldest and youngest exhibitors. There are no rules regarding age or type of dog. Mrs. Christine Shaffer is parade chairman.

The parade also made preliminary plans to hold obedience classes. Those interested may contact Mrs. Shaffer, club secretary, at 831-1806. The public is invited to attend the next meeting at 7 p.m. Sept. 10 at the YMCA.

Burglars Hit 2 Homes, 3 Firms; Loot 6 Cars

Burglars broke into three commercial firms and two homes while thieves stole loot from six autos, according to reports to Quad-City authorities since Monday.

A tool box and tools valued at \$20 were stolen from the car of Joe Decker, 1720 State street, while the car was parked in the 400 block of West Third street, Madison, police reported at 3:25 p.m. Tuesday.

Thomas to Head Special Classes In Quad-Cities

Harold V. Thomas, director of special education in the Granite City community unit school district since its formation in 1950, was appointed Monday night as director of the Quad-City special education district.

The action was taken by the Granite City school board, with the approval of the Madison and Venice school boards. The Granite City schools serve as administrative district for Special Education Area 1 of Madison county.

The continued special education program has been created in compliance with directives from the state, which provides reimbursements for some of the services. The state is requiring major expansion of school special services.

Thomas, who resides at 2820 Grand avenue, has coordinated school efforts in such fields as hearing and speech, learning disabilities, homebound, nursing, speech correction, social work, remedial reading, handicapped children and psychology.

While technically he no longer will be an employee of the Granite City district, he and the other two districts will be served by the special education program which will direct the district to receive \$1429 monthly on a 12-month basis.

Seven applicants were considered. Three locations are under consideration for housing the offices of the Area 1 administrator, staff, secretary and psychologists.

The Granite City board Monday night decided to:

Authorize Triangle Heating to install heating and air-conditioning equipment in a former office building adjacent to the school board office on 20th street so that it can be used for audio-visual, federal programs and book storage purposes.

\$113,121 Coolidge Work
Accept alternates and a base contract totaling \$113,121, authorizing Ed Moore Construction Co., the low bidder, to build an addition of four classrooms, two restrooms at Coolidge junior high school.

Proceed with study of housing additional special education classrooms in a proposed steel structure. It was noted that the state has just granted permission for the district to levy a special two-cent tax rate for special education construction.

Ask administrators to confer with architects on planning of a steel building to house indoor physical education instruction.

Upgrade the priority of remodeling work to end Mitchell cafeteria ventilation and noise problems.

Cooperative Work Training
Approved establishment of a cooperative work training program for the 1969-70 school year.

Accept a \$38,490 low bid from Amco Plumbing & Heating on Life Safety Code mechanical work in boiler rooms in Granite City high school and the McKinley, Washington, Webster, Namekiki and Mitchell grade schools.

Approved installing a partition in the Niedringhaus school cafeteria to create an added classroom.

Striking Builder Unions, SIBA Plan More Talks

Reports that "some progress" has developed in negotiation of new contract terms with striking ironworkers and cement finishers were confirmed today by a spokesman of the Southern Illinois Builders Association, who said further contract talks have been set up for tomorrow and Saturday.

Officials of the two striking unions, which have tied up construction work throughout 16-county southern Illinois area, including the Quad-Cities, met Tuesday with SIBA representatives and a U.S. mediator but declined to discuss in what areas progress may have been made.

The SIBA spokesman said this morning that contract discussions are set tomorrow morning with the Ironworkers and Saturday morning with the cement finishers.

Meanwhile, a unique move by the SIBA which set up picket lines Tuesday around construction projects operated by firms that are not members of the SIBA appeared to be tapering off this morning. The SIBA action included picketing of the Illinois Power Co. office in Granite City because the company's \$200 million power plant project at Baldwin still is operating, using ironworkers and cement finishers of the striking unions.

American Steel Erection Co. also was picketed.

Illinois Power has a no-strike clause in its contract which is a joint venture of four Chicago building firms which are not members of the builders association and are not represented in the contract negotiations.

The SIBA said today it does not plan to expand its picketing, which spread to a total of eight jobs by yesterday, and that "within a few days we do not there will be any picketing at these jobs."

19 Undergo Surgery At Local Hospital

The following underwent surgery recently at St. Elizabeth Hospital:

Condolito, 1253 Oriole street, Venice; Annie Dodd, 2207 Dewey avenue; Brenda Shackelford, 2248 Monroe street; Howard Abernathy, 2818 Victory drive; Barbara Lerch, 2208 Edwards street; Sopha Schmidt, 4308 Braden avenue; Delmar Cottrell, 2313 Independence drive; Dorothy Gordon, 2319 Delmar street; Bessie Strain, 2301 Anchorage avenue; Sharon Kay Yates, Rural Route Two.

Sally Fowler, 3093 Wayne avenue; Chester Collins, 915 Washington avenue, Madison; Frank Ruppel, 3205 Bradley avenue; Wallace Restrooms at Coolidge junior high school.

Asked to pinpoint an 11.84-cent portion of the 1968 school tax rate which the committee believes could have been challenged, Robertson said it stemmed from a December 1968 referendum although the tax levy had to be filed by September 1968.

Board members noted that the procedure was followed because the known revenue did not fully support the 1968-69 budget when it was adopted in September. The only other alternative, except for reduced spending, would have been to utilize the previous rate limit and then borrow against the taxes, they said.

County Nursing Home Rates Raised \$25

Rates for patients in the Madison county nursing home will be increased by \$25 a month up to \$300, effective Sept. 1, according to action taken by the county board of directors Wednesday morning.

Former rates were \$275 for private residents and \$260 per month for residents financed by the Illinois Public Aid Commission.

The board's nursing home committee noted that an IPAC study showed increased costs in operations of nursing homes, and that the average cost is \$316 per month. The committee said the raise was necessary if the county is to come close to breaking even.

The nursing home, which is to be moved to the former tuberculosis sanitarium building, is filled to capacity with 60 patients.

Conduct Charges Filed

Disorderly conduct charges were filed at 9:30 p.m. Wednesday against Gregory Homyer, 18, of 2605 Pontoon road, and Paul LeGrand, 17, of 2066 Cottage avenue, after police received a complaint about unauthorized persons using the swimming pool at the Village apartments. Both were released on notice to appear. Two juveniles also were taken into custody.

Melton Breaks Window

A melon was thrown through the front window of the Midtown barber shop, 1310 Twenty-second street, it was reported at 4:20 a.m. today.

Ogilvie Seeks To Drop Sales Tax on Foods

Gov. Richard B. Ogilvie declared Wednesday that Republicans are committed to "a complete program of tax reform in Illinois."

Speaking at Governor's Day at the Illinois State Fair in Springfield, Ogilvie listed these "first steps" to achieve fairness in state taxes:

—Elimination of the sales tax on "food and other necessities of life, such as medicine and drugs," through the coming constitutional convention.

—Signing of the bill exempting most Illinois families from payment of personal property taxes.

—A constitutional amendment "to eliminate this odious (personal property) tax entirely."

Voters will be asked to approve the amendment next year.

Ogilvie called the state income tax "the hard initial step" in tax reform. He continued:

"As it grows with our economy and our prosperity, it will become even more important in relieving the local tax pressures on your homes and factories."

"And as you ring the doorbells of your neighbors, remember the message I am giving to you now."

"More than three-quarters of the higher state taxes which bring necessity forced upon us are going home where they belong!"

"It's your money and it's your back home who are going to get it—through your schools, your roads, your city and county governments, your colleges, and your needy and disabled."

"So long as this administration is in office, the money that comes from you in your local districts will be spent on you—not on an overgrown hierarchy of bureaucracy at the state capital!"

Attempted Burglary

The overhead door to a wash rack of a building under construction was forced open, it was reported at 10:05 p.m. Wednesday by Hewitt Degisch, 3105 Myrtle avenue. The door was secured by C-clamps and there was no damage to the building or contents.

Levee District Flood Claims \$2,600,000

Federal flood damages totaling \$2,670,524 are sought by the East Side Levee and Sanitary district in claims filed with the Illinois Department of Civil Defense under an Illinois disaster proclamation issued last week.

The amount covers losses through flood damage to levee district sewers, drainage canals and other properties in both Madison and St. Clair counties.

The claims seek to recover about \$300,000 for specific damages within Madison county, according to William "Mike" Ebersoldt, Madison county member of the levee district, but

other items included in the claim list are based on district-wide fund requests and therefore also will benefit Madison county.

Chief among these is the largest single item of the federal fund request—a request for \$1,674,504 for cleaning silt and removing debris from drainage channels throughout the two-county district.

Other specific Madison county claims include \$100,000 for removal of debris from the Hartford canal, \$220,000 for repair of a major break in the 84-inch trunkline stormwater sewer which serves the city of Madison through the Madison pumping station inside the main riverfront levee. The break is located on Army Depot grounds about 300 feet east of the pumping station. Its full extent has not yet been determined.

The levee district claim list also includes \$100,000 for relocation of the Granite City storm-

water outlet into Doherty slough east of the New Haven area which is designed to prevent future backups of interior flood waters into Doherty slough and into the Lynch avenue-Veseli street areas.

Of the total levee district claims, \$405,000 is set up to cover cost of breaks to two major sanitary sewer lines in the Cahokia-Centerville lines running to the sewage treatment plant. The breaks are located at \$300,000 and the other at \$75,000. The list also includes \$100,000 for replacement of two trash racks (grills that screen out debris) at two of the levee district pumping stations.

The claims were filed by the levee district last night with William Eisele, area mutual aid coordinator of the Illinois Department of Civil Defense, who will refer the request for federal aid to the state Civil Defense Department. The state department will coordinate claims of all 26 counties included in the government's disaster area proclamation to be forwarded to the President who will use the report for an emergency proclamation, clearing the way for allotment of federal funds.

Emergency Wage Costs

Ebersoldt said the levee district's costs during the flood fighting period included \$30,072 in emergency overtime wages, \$25,597 in materials and supplies and \$15,589 in contractual services.

Approval of the federal request for flood aid was the principal business of an adjourned meeting of the levee district board in East St. Louis yesterday morning.

The levee district bid for federal funds under the disaster aid program is in addition to another \$543,116 in aid sought by Granite City, Namekowi township and the cities of Venice and Madison.

Of this amount \$372,688 represents claims by Granite City, filed by Mayor Donald Partey. The city asks \$344,714 for repairing sanitary sewers damaged by infiltration of storm water, \$22,428 to cover the cost of pumping from the area and joining New Haven subdivision and \$5546 for removal of debris and a general storm cleanup work.

Namekowi township seeks a total of \$162,428. Venice asks \$5500 for cleanup work and the city of Madison asks \$2500, also for cleanup work.

8 Registration Centers Set Tomorrow, Saturday

Eight special voter registration centers will be conducted tomorrow and Saturday for registration of new voters who will be qualified to vote in the Sept. 23 primary election of delegate nominees for the Illinois Constitutional Convention. Voters who are presently registered but who need to correct their present records may do so at the special centers, according to County Clerk Eulalia Hotz.

The special centers are being conducted in the Quad-City area and other sections of Madison county by Miss Hotz's office as a convenience to voters who are unable to get to the clerk's office in Edwardsville.

Ag. 22 is the deadline for registering for the Sept. 23 primary balloting.

The centers scheduled tomorrow and Saturday will be located at:

Granite City — Granite City Trust & Savings Bank, Friday, 4 p.m. to 7 p.m.; Maryland-Bike Market, 2205 Pontoon road, Friday, 1 p.m. to 7 p.m.

Madison — West Memorial Center, Saturday, 10 a.m. to 4 p.m.

Mitchell — Cedar Park Center, Saturday, 10 a.m. to 6 p.m.

State Park Place — Hill

Brothers Store, Saturday, 10 a.m. to 4 p.m.

Madison and Venice — North Venice Cleaners, 1044 Logan street, Friday, noon to 6 p.m.

Eagle Park Acres, Smith residence, 201 Terry street, Saturday, 10 a.m. to 5 p.m.

Illinois Group Envisions Growth With Area Airport

The Airport Committee of the Illinois Metro East Industrial Development Corp. appointed to keep the organization informed on developments of the second major airport for the two-state metropolitan area, today noted recent development.

The most significant, the committee stressed, is the agreement between Illinois' Gov. Richard Ogilvie and St. Louis Mayor Alphonse Cervantes that this airport in all probability should be located in the Illinois section of the area. A Study Commission has been retained to determine the most feasible location for such a facility, and it is anticipated that recommendations will be made public in the near future.

It is generally agreed, the committee pointed out, that this airport facility will have tremendous impact on the economic development of the area in which it is located. This applies to the entire metropolitan area, but without doubt the actual site will be the first to feel this impact. Additionally, the areas immediately adjacent to the site will see rapid development.

Membership of the Industrial Development group is made up of representatives from Illinois communities in Madison and St. Clair counties, and it is believed that the location of this interest in Illinois is in the best interest of the Illinois metropolitan area. Its development will mean work for construction forces for many years.

When the airport is placed in operation, it also will require several thousand employees. The development of the surrounding area would increase the job requirements many times that of the actual airport.

The committee voted its endorsement of Gov. Ogilvie's approach to resolving the location of this site through his task force commission and offered assistance to the state as required to make this location a reality.

Torch Removes Paint

—\$4000 Fire Damage

Fire caused damage estimated at \$4000 to the building and contents at the home of Dean Little, Highway 162 near East 22nd street, at 8:45 a.m. Wednesday, it was reported by the Long Lake volunteer fire department.

The fire started as a torch was used to remove paint from the siding of the house. Flames got into the eaves and rafters, causing the ceiling to collapse, firemen said. The house was valued at \$45,000. The Long Lake department was assisted by the Granite City fire department which was on the scene for an hour and 40 minutes.

Granite City firemen also responded to four other alarms Wednesday.

Damage was estimated at \$500 to a garage and \$75 to an auto parked nearby at the home of Roy Yates, 1732 Delmar avenue, at 4:55 p.m. Firemen were on hand for 15 minutes.

A carburetor backfire caused \$60 damage to the auto of Ricky Singleton, 2747 Sunset drive, at 3:35 p.m. at his home. Firemen were there for 20 minutes.

Other alarms involved weeds and trash burning in a field behind 2800 Center street at 1:10 p.m., and weeds burning at the railroad tracks between Braden avenue and Old Alton road at 11:40 a.m.

Michael J. Howlett, state auditor of public accounts, will be the featured speaker at the annual barbecue and picnic of the Collinsville Democratic Club on Sunday, Aug. 24, at the VFW Park grounds, 1234 Vandallia street, Collinsville.

About 500 are expected to attend and hear Howlett discuss the role the Democratic party should play in major issues of state and national government, James Kennedy, club president said.

Army Mobility Command Honors 5 GC Residents

Five Granite City residents, employed in the Directorate of Supply at the U.S. Army Mobility Equipment Command, 4000 Goodfellow blvd., St. Louis, have been cited by Department of the Army.

Freddie T. Belcher, 21 Oaklane drive, received a certificate of commendation in recognition of outstanding performance of his duties as deputy director of supply.

Steve F. Kovar, 2113 Manley avenue, and Mrs. Nona D. Fuller, 1141 Miami court, received certificates and \$15 checks for the adoption of suggestions they submitted to improve operations in the directorate.

James R. Garver, Holiday Mobile Home, was presented a certificate and \$145 check for the adoption of a suggestion he submitted which resulted in the elimination of a procedure requiring computer printing of certain items.

James L. Beckett, 2012 Garfield avenue, received a commendation certificate and quality step increase in annual salary in recognition of superior performance of his duties in the Directorate of Supply.

Awards were presented by Col. M. J. Caraccia, director of supply, at ceremonies in the colonel's office at the command headquarters.

Conduct Charge Filed For Man with Knife

A charge of disorderly conduct was placed against Louis Cochran, 34, of St. Louis, who police said drew a knife on Druggist Philip Sheridan at Sheridan's Drug store, 23rd and State streets, about 9 p.m. Tuesday.

Cochran had no knife when taken into custody, but on Wednesday two small boys gave police a nine-inch knife they found in the yard in the 2200 block of State street. It was identified as the one that had been in Cochran's possession.

Sheridan said he saw the man starting to walk out of the store and it appeared he had some merchandise under his shirt. "When I tried to stop him, he pulled the knife on me and it looked like it was a foot long," Sheridan said. The man had no merchandise on him when taken into custody after Sheridan called police.

MORE ABOUT

Teachers to

responsible for student education conduct an annual survey of the person responsible for the building or his designate is notified of their departure and return. Such period shall be used with discretion."

It is possible this could complicate daytime training and conferences with principals.

The 1968-69 working agreement said that "attendance meetings, conferences, in-service training programs or other special events held during off school hours shall be voluntary with the exception of two meetings per year at which attendance may be expected."

The district proposes that this provision be continued in the future, and lists it as having been agreed upon by both parties to the negotiations.

Propose Voice in Curriculum
Agreement has not been reached on an added rule, an article in which "curriculum study is of concern to both certified personnel and the board."

"To facilitate study and revision of the district curriculum, groups shall be formed for the purpose of studying new curriculum ideas and revision of present programs. Suggestions for areas of study and revision shall come from an annual survey of the staff."

"Service on these committees shall be voluntary. A report will be made each year to the board on the recommendation of each committee. The board shall notify each committee of its disposition of their recommendations."

Consult Local on Board Policy
An article in the past agreement says that "whenever the board or the administration is considering policy which would directly affect teachers' wages, total hours of employment per day, continuity of daily work schedule, and all other conditions of employment, the superintendent shall advise the union of such policy in advance so that they may have an opportunity to express their opinion prior to adoption of such policy, except when an emergency arises in which immediate action is required."

The district wants to continue this, changing the phrase "all other conditions of employment" to "all other working conditions." The clause is listed as agreed upon.

The past agreement called for the principal of each school and the Local 743 building representative(s) of each school to meet at least once a month during the school year to discuss matters of school activities, discuss matters of school procedures, consult on matters of school policies, consult on matters of working conditions and consult on questions of implementation of the working agreement.

These meetings were arranged by the building representative and principal so there would be "as little interruption of classroom work as possible." The meetings were held during regular school hours "unless mutually agreed otherwise by both parties."

To See Superintendent Monthly
The local's Salary and Policy Committee was granted released time to meet with the superintendent of schools to discuss school problems "when either party so requested and the other agreed."

The school system proposes to continue the monthly representative-principal meetings. It also suggests wording that the Salary and Policy Committee shall meet at least once each month with the superintendent or his designate to discuss

FUTURE DOCTOR? Steven Brandes, 4½-months old, shown with his mother, Karla, appears undismayed by the prospects of entering the pediatric ward at St. Elizabeth Hospital, as he models a "Future Doctor" hat. The paper headgear, inscribed "Future Doctor" for boys and "Future Nurse" for girls, is presented to children admitted at the hospital. The infant's parents, Mr. and Mrs. Edward Brandes, reside at 3912 Gaslight Walk.

school problems. Released time shall be granted for such meetings when either party so requests and the other agrees."

"The district's negotiation records show agreements on such working."

Preference in Filling Jobs
A proposed new article, agreed upon, gives current certificated personnel first consideration in the filling of all existing and newly-created vacancies in teaching, counseling, coaching, nursing, administrative and supervisory positions.

A policy to implement the job preference article calls for known and confirmed vacancies for the following school year to be posted in each school after the annual staffing meeting between principals and the district's personnel administrator. During June, July and August, vacant position listings would be posted at the board office and mailed at the same time to the union secretary.

Transfer requests would be submitted in writing within five weekdays of the vacancy notice, with each applicant filled within 30 days of the status of the request. It is planned to continue a policy that "whenever and wherever it is feasible to do so, only those applicants who earn a minimum of a bachelor degree will be employed as teachers, counselors or nurses."

No Degree, No Tenure
A related policy that would be added is that, "in the interest of securing fully qualified teachers, it shall be the policy not to place any who has not earned a minimum of a bachelor degree, with the exception of personnel with recognized equivalency on the salary schedule."

Tenure is a relatively permanent employment status; those not on tenure are evaluated annually.

Further improvement in the rules under which faculty members may be absent for the day.

Ten days of sick leave have been allowed each year for the

first three years of employment, with 15 days annually for the next three years to an accumulated total of 75 days. After the total reached 75, annual sick leave was five days per year to an unlimited total—unless the accumulated total fell below 75 days, in which case up to 15 days were added yearly to restore the accumulated total to 75.

An individual with 45 or more days of sick leave was assured of an accumulated total of 30 days upon returning to work the next school year, even though he may have used up all of his accumulated sick leave.

Emergency, Personal Leaves
Additional leaves included emergency leave, defined as "something over which a person has no control and the person's presence is required; this does not include illness in the immediate family."

Emergency leave has been in two general categories:
A. Death in the immediate family (parents, persons in lieu of parent, wife or husband, children, brothers and sisters, brother-in-law or sister-in-law, or parents of spouse). Up to five days were allowed for each death and did not count against emergency leave.

B. Urgent personal business (including court summons, attendance at funerals other than immediate family, or other emergencies requiring the personal presence of the applicant). Total amount in any one year was four days, with recommendation in advance by the principal and final approval by the superintendent.

In addition to sick leave and emergency leave, the district allowed two days yearly for personal leave (absence from work for purposes of conducting personal business other than that covered by emergency leave).

No Reason Required
The principal had to be notified by noon the preceding day. No reason for personal leave had to be given. Limitations were that they should not be used for personal pleasure, nor for any form of withholding of services by an employee or employees due to misunderstandings or impasses.

The school district proposes that sick leave accumulate, after reaching 75 days, at 10 days annually to a maximum of 200 days. When it falls below 75, up to 15 days would be added yearly until the accumulated total again reaches 75.

The assurance of 30 days in the next school year for anyone who has accumulated 45 days would continue.

The district suggests placing personal leave under the same article as emergency leave but continuing to permit two additional days "for which no reason shall be given"; the previous wording was that "no reason for personal leave need be given."

Not for Pleasure
Instead of saying personal leave should not be used for personal pleasure, it is proposed to say, "This leave definitely shall not be used for personal pleasure."

Local 743 has indicated that it would accept the sick leave proposal as part of an overall agreement but that it will not accept the proposed emergency leave.

Substitutes hired in 1968-69, mainly due to the leaves, were paid \$31 a day if they had a degree and \$26 a day if they had no degree. All had to have an acceptable teaching certificate

registered with the county school superintendent. A substitute employed continuously for 20 school days for any one teacher was, on the 21st school day, paid according to the regular faculty salary schedule, taking into account his training and experience, retroactive to the first day of teaching in that position.

Absent Average of 8 Days
This indicates that teachers required a substitute an average of about eight days each during the nine-month school year.

Even when there is full attendance throughout the school year, the question of how much work is required is a matter of debate, complicating determination of teacher pay on a monthly, weekly, daily or hourly basis.

Many teachers say that their income should be considered on the basis of a full year, "since we have to eat and pay our bills throughout the year."

However, they work only nine months a year, and there is no accurate way of learning how many of them travel or vacation, how many work at non-school jobs in the summer, and what they are paid by employers other than the school district.

Advocates of year-around school, with either staggered quarterly pupil vacations or longer school attendance, say this would be a boon to teachers in that they would be assured of year-around work and pay if they desired it.

Although some individual teachers may agree with an organized teacher groups usually oppose proposals for them to work more days than at present.

Summer Instruction
An exception to the regular school year in Granite City, which runs from late August to late May, is the summer school program, added financially by the state, with students paying book fees but no tuition.

Purposes are "strengthening" for students needing added study in certain subjects; review, for those doing acceptable work but seeking greater skills; and enrichment, special classes for high achievers.

Well over 100 of the 655 teachers voluntarily work in summer school. In 1968, they received \$6.15 hourly, working either 105 hours for \$646 or 140 hours for \$881 over a seven-week term of morning classes. Grand total was \$90,002 from July 1, 1968, to June 30, 1969 (parts of two summer terms).

The school district has proposed that summer teachers be paid \$7 an hour.

Local 743 wants hourly pay in the summer of 1/100th of average "annual" (non-summer) salary based on the salary schedule. This would be \$8.85 in 1970 under the board offer, or would vary from \$6.85 to \$12.35 if based on a particular individual's salary.

Any summer teaching income was not included when figuring monthly pay, which was figured by dividing nine into school year (non-summer) pay. Length of Teaching Year

According to the working agreement, the school year is 182 days if teachers are to be paid for working extra days, or 200 days, if they are to be no degree. All had to have an acceptable teaching certificate

er or other reasons, for a required total of at least 178, depending on whether money is being added or deducted.

The school year is considered to be 187 days if the school district orders extra work and pays 1/182 a day for up to five extra days. Beyond that, if work exceeding 187 days is assigned, salary, sick leave and sabbatical leave have to be negotiated and settled before further work was done.

Pay can be based on either 20 or 26 two-week intervals; the choice is up to the teacher, so long as the teacher works over 12 months and others taking it while the work is being done.

State law requires a calendar of 185 days, four of which may be "institute days" and five of which may later be declared holidays due to adverse weather.

Present 181 or 182 Days
In 1968-69, teachers other than new faculty members (who reported a day early) were required to be physically present at school or at a meeting on 181 days—178 with children present, one day to work on class records, one day of orientation by administrators and one day of county institutional talks. The 185-day initial calendar was reduced by three extra days off at Easter and one extra day at Christmas-New Year's.

In judging whether "nine months" is an adequate description of the school year, it is interesting to compare the 181 with 195 (five times 39 weeks).

Pay talks have focused on 1000 hours of teaching during the school year. This was not introduced as a precise number, but due to its easy mathematical application, it represents five hours of teaching per day times 200 days.

The length of the school day ranges from six hours and 15 minutes at grade schools to seven hours at Central junior high school, seven hours and 15 minutes at Coolidge, Grady and Prather junior highs and seven hours, 20 minutes at Granite City high school (starting time to closing time, including lunch periods).

In addition, the handbook for Granite City teachers requires them to be in their buildings 15 minutes before school opens and 15 minutes after school closes.

Past Supervision
In the past, teachers have had pupil supervision duties in

addition to the time when they have students in their classrooms.

The noon period consisted of a lunch period of 30 minutes with 30 minutes for student play with supervision. Certificated personnel (except those assigned to more than one building) shared equally in supervising noon-time activities and recess periods providing that it did not deprive them of a 30-minute shaped pillow in a smart print. Every inch designed with your comfort in mind. Richly grained wood base.

Ballplayers Soda Break Proves to be Costly

A soda break was costly for a young ball player whose \$9 glove was stolen while he and companions went to a nearby confectionery from the Webster school playground Tuesday afternoon.

John Mayfield, 2619 East 23rd street, told police that he and three friends tossed their gloves on the playground when they

Last Three Days for Springfield State Fair

The Illinois State Fair at Springfield is continuing through this weekend, and tomorrow will be "Golden Age Day" with Liberace to be the star performer in a grandstand show starting at 8:15 p.m.

Also on tomorrow's program will be Stu Gilliam, comedian; the Sandpipers singing group; the Doodletown Pipers and harness races and a western horse show.

Saturday's events will be highlighted with a 100-mile USAC championship auto race with top

drivers of Indianapolis. The King Family will perform in the grandstand show at 8:15 p.m. along with the Doodletown Pipers and the Sandpipers. Also scheduled are an organ concert, accordion contest and a western horse show.

The final day of the fair—Sunday—will be "Stock Car Race Day" with a 100-mile race featuring top competitive drivers and late model cars. There also will be the finals of the western horse show, the organ contest finals and the accordion contest finals.

Kiwanis Further Plans For Annual Boat Races

The annual Granite City Kiwanis-Bowling Boat Races, set for Sunday, Sept. 14, on the Mississippi River, near the Hartford Canal, were discussed by Bill Seibold and Wilbur Waggoner, race co-chairmen, at a meeting of the Granite City Kiwanis Club Monday evening at the Rose Bowl.

The local race event, which annually attracts boat drivers from many states, was rescheduled from a August date to mid-September due to river conditions. Routine business was transacted for the remainder of the meeting, conducted by Ed Moore, Kiwanis president.

Marriage License

A marriage license has been issued in St. Louis to Lester E. Robertson Jr. of Granite City and Genia A. Rice of Clarkton, Missouri.

St. Mark's, Mary's Schools to Consolidate

St. Mary's and St. Mark's parochial schools in Madison and Venice will merge with the beginning of the school year on Sept. 2.

Both school buildings will be in use with 10 classrooms to be operated.

First, second, fourth, fifth, seventh and eighth grade students will attend classes at St. Mark's school, and third and sixth grade and a combination of seventh and eighth grade classes will be held at St. Mary's school.

Bus transportation will be provided for children transferring to the school outside of their parish.

Lack of teaching personnel and dwindling enrollment at St. Mark's were listed as the reasons for the move. One teaching sister was on the staff of St. Mark's school last year. Both schools are operated by the Sisters of Divine Providence.

Five Injured in Quad-City Area Traffic Crashes

Vicky L. Smith, 18, of 2332 Warren avenue, was injured when her auto struck the rear of a car operated by Opal L. Orrell, 4608 Nameoki road, who was stopped to pick up a passenger at 6:30 p.m. Wednesday at 1210 West Pontoon road.

The Smith girl's head struck the windshield, and she was taken to St. Elizabeth Hospital with cuts and swelling of the right upper eyelid. She was released after x-rays were taken.

A motorist whose car damaged two parked autos in the 1100 block of Grand avenue, Madison, about 11:55 p.m. Tuesday suffered minor injuries, and later was ticketed on a charge of careless driving. Officers said the car of James L. Liles, 1814 State street, struck the parked cars as he was driving south on Grand avenue. Both parked autos were owned by Jack Blyue, 1114 Grand avenue, police said. Liles posted his driver's license as bond pending a magistrate hearing on the traffic charge.

Tractor-Trailer Overturns
Joseph Dennis Roussey, 27, of Lincoln Park, Mich., and Garth Briden, 40, of Detroit, Mich., were injured about 3 p.m. Monday when the tractor-trailer truck in which they were riding overturned on the South Fourth street curve at Venice, just north of the Wiggins highway. Both were taken by ambulance to St. Elizabeth Hospital and admitted.

Venice police said the large truck, loaded with aluminum, was headed south on Fourth street and was driven by Roussey when the accident occurred. Extensive damage was caused to both the tractor and the trailer, police said.

Briden sustained abrasions and contusions to the back and scalp, lacerations to the right knee and underwent x-rays of the skull, spine and knee. Roussey, who suffered a small cut near the right eye and back bruises, also had skull and spine x-rays.

John H. Mikes, 22, of 2331 East 24th street, suffered minor injuries when his auto struck the rear of the parked car of Randy Hays, 2145 East 24th street, at 8:35 a.m. Tuesday in the 2100 block of East 24th street. Mikes said he was blinded by the sun.

58er 4-H Club Will Begin Its New Year

Deborah Jean Smith

Chosen to Attend Youth Leadership World Conclave

Miss Deborah Jean Smith, 17, daughter of Mr. and Mrs. Elvise Smith Jr., 3264 Edgewood avenue, has been selected to attend the eighth annual youth World Leadership Training Conference to be held at the Carbondale campus of Southern Illinois University Aug. 17-22.

She is being sponsored by the Quad-City Business and Professional Women's club.

She will be guest speaker at the conference Aug. 19. Simon served in both the Illinois House of Representatives and Senate before being elected lieutenant governor in 1968. He also is an author, Lincoln scholar and former newspaper publisher.

In a mock United Nations Assembly, Miss Smith will represent Nepal. She has been assigned to a committee which will discuss the current Nigerian civil war.

She will be a Granite City high school senior this fall. Her school activities include Social Studies club, Red Cross Youth club, Latin club, Masque and Gavel and the National Honor Society. She also studies voice and piano.

A social science major, she plans to pursue a career in this field.

More Phone Customers Served from Pontoon

The telephone numbers of several hundred Quad-Cityans will be changed early Sunday, between midnight and 1 a.m., with T-Range (87) changing to WE-Range (80), Glenview (48) becoming SYcamore (79) and the remaining five digits in each such number also being changed in the process.

The Pontoon road telephone building, which houses automatic dialing equipment serving primarily the Mitchell and Pontoon Beach areas, will take on an added area extending westward to Maryville road. Reason for the change is that the load handled by the Edison avenue office has increased to a near-capacity level.

All new numbers are in the yearly telephone directories distributed this week.

GC Printing Firm Owner Released from Hospital

Chester L. Baker, president and owner of Tri-City Printing Co., 1514 Delmar avenue, was released today from St. Elizabeth Hospital, where he was admitted Monday afternoon after becoming ill at his place of business.

While hospitalized, Baker underwent a series of tests and treatment for a digestive tract ailment.

2 GC Residents Earn ISU Advanced Degrees

Two Granite Cityans are among 200 students at Illinois State University, Normal, who have completed requirements for master's degrees with the close of the summer term. Local graduates are Victor Buehler, 2800 Madison avenue, and Imogene Gray, 4915 Wabash avenue. Both received master of science degrees.

Moonspinners Display Trophy, Ribbon Awards

Local graduates are Victor Buehler, 2800 Madison avenue, and Imogene Gray, 4915 Wabash avenue. Both received master of science degrees.

Members completed worksheets in their project books and they were turned in to the leader, Mrs. Louis P. Kozio, ending the current year's club work. Teresa Butler presented

a talk, "The Cost of Milk." Surprise refreshments were served to those named and Lynne Benson, Judy Carroll, Mary Anne Kozio, Renee Schmidt, Mary Ellen Sudholt, Elaine Bellue, Jacqueline Dorch, Lauren Gubser, Mary Diane Kozio, Connie Sudholt, Jeanie Schwarzkopf and four guests, Sue Miller, Kathy Cross, Judy Ronk and Dawn Portell.

The club will not meet in September. The next meeting will be Thursday, October 2, at the Namocki Presbyterian Church.

Job's Daughters Honor Guardian

Bethel 43, International Order of Job's Daughters, met Tuesday evening at the Masonic Temple with Miss Lynn Jacobs-meyer, honored queen, presiding.

After the opening ceremony by Mrs. Neil Baskette and Dr. E. H. Theis, guardian and associate guardian, Mrs. Eleanor Todoroff, a past honored queen and director of music; Mrs. Baskette and Dr. Theis were escorted and introduced.

Miss Angela Epperson gave the librarians' report on "What You Shall See, You Shall Find," and the birthdays of Miss Rita Byrne and Mrs. Baskette were observed.

Miss Jacobsmeyer announced plans for a splash party at the Paddler's pool Aug. 20, and for a "kidnap" breakfast, the date to be a surprise.

An initiation ceremony will take place with the next regular meeting.

Remarks were made by Mrs. Baskette and Dr. Amos Rode, director of finance and fraternal relations, and after the meeting the officers and choir surprised the guardian with a birthday cake which was served to 45 members and their parents.

The tables were decorated by Miss Lana Dalhaus, and Mrs. Thelma Jacobsmeyer of the Mother's Club managed the refreshments.

Mrs. K. W. Erickson, a former Granite Cityan now living in Dallas, Tex., has returned to her home after a week's visit with her mother, Mrs. Corinne Borchers, 2528 East 28th street, and her brothers, Jack and Charles Harper. The visitor will be remembered as Miss Margie Harper.

MRS. WARREN PETO, the former Carole Jean Loman, daughter of Mr. and Mrs. Barry Loman, 56 Janday Lane. Her wedding took place at St. Elizabeth Catholic Church.

Fall Style Show, Luncheon Set by Newcomers Club

Plans were completed for the Newcomers Club's style show and luncheon, at a meeting held Monday night at the home of show chairman, Mrs. Pat Kalips, 2251 Erin drive.

Mrs. Kalips announced the names of two more models, Mrs. Helen Rios and Mrs. Shirley Morrison. Mrs. Morrison has just recently moved back to Granite City.

Reports were given by Mrs. Phyllis Harmering, decorations chairman; Mrs. Sara Tabor, ticket chairman; Mrs. Pat Wyatt, chairman for prizes; and Mrs. Edmee Barrs, who will be commentator for the Aug. 20 event. Also present were Mrs.

Jean Bevins and Mrs. Betty Schusters, club president.

"News in Fall Fashions" will be presented by the club at the 300 room of the Tri Mor Bowl next Wednesday. Starting for the luncheon and style show will be 1 p.m., and tickets at \$2.50 may be obtained by any club member or Mrs. Tabor, 931-2136.

Local stores sponsoring the styles are Libsons, Rich's and Stefanie's. Hair styles will be created by Unique Hair Styles and Wig Shop. Favors and prizes will be awarded. The luncheon will be catered by Petri's, and will be a hot chicken and beef buffet.

FORMER RESIDENT VISITING HERE

Mr. and Mrs. Paul Roseman of Riverside, Calif., are here for a visit with their son-in-law and daughter, Mr. and Mrs. James Louis, 2355 Pontoon road, and to attend the wedding Friday evening at First United Presbyterian Church of their granddaughter, Miss Barbara Louis, and John McKinney.

Mr. Roseman is a former Granite Cityan and business man.

Southern Illinois University will work with the National Science Foundation to hold 15 in-service programs for high school physics teachers this year.

STYLE SHOW, LUNCHEON PLANNERS meeting Monday to make arrangements for the Aug. 20 event to be staged by the Newcomers Club. Front row, left to right—Mrs. Jean Bevins, Mrs. Edmee Barrs, Mrs. Pat Kalips and Mrs. Phyllis Harmering. Back row—Mrs. Pat Wyatt (left) and Mrs. Sara Tabor.

MARRIED RECENTLY. Mr. and Mrs. Donald R. Townsend, whose wedding took place at the United Church of Christ in St. Jacob, Ill. The bride is the former Peggy Sue Jackson, a daughter of Mr. and Mrs. C. O. Jackson, 1930 Harris street, Madison.

'White Elephant' Booth Planned for 'Fun Fair'

The women's touch is being added to the United Fun Fair by the Women's Division of the Tri-Cities Chamber of Commerce.

Planned is a booth for sale of "white elephant" items and "wheel of fortune" homemade cakes.

Arrangements for the booth were made this week with Howard Kaseberg, "United Fun Fair Ringmaster," who said reservations for novelty and "fun" booths still are being accepted for the Sept. 27-28 event at the Wilson Park rink-pavilion.

All proceeds raised from the sale of admission tickets and from the booths will aid the forthcoming Tri-Cities Area United Fund campaign, which this year is headed by Leo Konzen, local lawyer.

"We want any kind of booth that will provide entertainment for young and old alike, and we also plan to have carnival rides and booths to acquaint local residents with the staffs and activities of United Fund agencies," Kaseberg said.

Arranging the C. of C. Women's Division booth are co-chairmen Mrs. Sara Dempsey of Dempsey-Adams Auto Body shop, and Mrs. Lois Adams of Granite City Glass Co. They conferred with Dr. Felicia Koch, Women's Division chairman, on initial planning.

Plans were made for a pot luck dinner at the next meeting Sept. 8.

A new contest was planned. It will not start until fall.

A special guest, Mrs. Maxine Rudder, told club members of several different fund-raising projects available to them. A project will be decided on later.

Mrs. Ruth Stover led the following in closing prayer, in addition to those already named: Mesdames Mary Jo Akeman, Sharon Bridick, Peggy Hackney, Agnes Kern, Jackie King, Linda Miles, Norma Ruhl, Donna Shaffer, Elveria Sharp, Jerne Stages, Shirley Sobolewski, Jo Ann Zotti and Datha Ely and Misses Ruth Stovers, Jackie Miller, Carol Gauen and Pat Stajdahn.

HILLTOPPERS SURPRISED BY EMIL WILLAREDT'S

The Hilltoppers of St. John United Church of Christ met Tuesday afternoon at the church with the devotional chairman, Mrs. Dessie Knipping, conducting the opening ceremony and Emil Willaredt, president, in charge. Hostesses were Mrs. Freda Schaper, Mrs. Irene Hendricks and Louis Wille.

After refreshments, games were played. Mrs. Laura Flach received the special prize.

Mr. and Mrs. Willaredt, who observed their 50th wedding anniversary Monday, surprised the group with cake and ice cream.

Twenty-two were present, including three guests, Mrs. Gladys Ohm, Mrs. Loretta McDaniels and Mrs. Esther Kosten of Collinsville.

Plans were made for a pot luck dinner at the next meeting Sept. 8.

NEWCOMERS CLUB WILL HOLD MEETING

A regular meeting of the Newcomers Club will be held at Bert's Chuck Wagon, 1537 Johnson road, Monday at 8 p.m. All newcomers to the area are welcome.

For further information regarding the club, call Mrs. Jean Andrews, 877-8319.

Party Honors Tina Polach

Blue, white and pink balloons and streamers decorated the recreation room at the home of Mr. and Mrs. Joseph Polach, 4131 Alton road, on Tuesday evening for a party honoring their daughter, Tina Marie, who observed her 13th birthday.

About 30 young friends spent the evening dancing to live music, performed by a local combo—"Field of Flowers." The high school-age musicians included Alan Firebaugh, Rich Wilson, Tim Snider and Bennie Lofink.

Games were played and refreshments were served by the hostess, assisted by the honoree's aunt, Mrs. Lorin Gentry, and a cousin, Miss Sherry Gentry. Gifts were presented to

BRIDAL SHOWER FOR MISS CHERYL LANDIS
Miss Cheryl Landis, a daughter of Mr. and Mrs. Charles Landis, 3025 Dale avenue, who will be married Aug. 30 to Stephen L. Perry, son of Mr. and Mrs. Robert Perry, 2808 Dale avenue, was guest of honor at a persons shower Sunday given by Mrs. Bob Ponder, wife of the prospective best man.

The table appointments were in white and yellow, which the bride-to-be has chosen for her wedding colors. Following the opening of the many gifts, the afternoon was spent playing games. Prizes were awarded to the winners.

The hostess served a dessert luncheon to the honoree, her mother, Mrs. Barbara Landis, the prospective groom's mother, Mrs. Sybil Perry, a prospective bridesmaid, Miss Patricia Barnes, and Misses Sharon Azari, Alice Carbone, Vicki Vatter, Carol Biggs and Carolyn Miller.

The young couple attended local elementary schools and both graduated from Granite City high school. Miss Landis is a sophomore at SIU-SW and her fiancé is employed by the McDonnell-Douglas Corp. in St. Louis as a draftsman.

MRS. SPEIRS HONORED AT FAREWELL DINNER
Girl Scout leaders of Neighborhood Three entertained Mrs. Audrey Speirs, 2516 Delmar avenue, with a surprise pot luck farewell dinner at Wilson Park Monday afternoon. A leader of Browne Troop 519 of Nodding, she will leave with her family Friday morning for New Jersey.

Her husband, Willis Speirs, employed by the Job Corps Center in St. Louis, was promoted to business and administrative director for the agency in Jersey City, N. J. The Speirs have three children, Alan, April and Tammy.

The leaders presented Mrs. Speirs with a silver scarf embroidered with best wishes. Patti Jarrett, a member of Troop 519, presented her with the Brownie scout charm. The remainder of the time was spent reviewing pictures and past scouting experiences.

Mrs. Earl (JoAnn) Jarrett, 2812 Iowa street, was honored with a smorgasbord luncheon in observance of her birthday Tuesday afternoon on the Hill at the KARE restaurant, St. Louis, by members of her bowling team and the Sextet Plus One Birthday club, following a morning of bowling at the Bowland lanes.

A large cake decorated in white, yellow and green and accented with a bowling figurine and tennis adorned the dining table. The honored guest was presented with a milkshake complete with matching candleholders.

Dinner was served to the honoree and daughters, Vicki, Patti and Ann Marie, and Mesdames Shirley Murphy, Mary Fryntko and children, Madeline and Michael, Virginia Marlette and daughter, Becky, and Doris Stotz and children, Phyllis and Kelly.

WEBSTER PTA BOARD MEETS THIS WEEK
Mrs. Annette Scrum, incoming president of the Webster PTA, held a planning session in her home, 2850 Lincoln avenue, Tuesday evening to discuss duties and programs for the coming school year.

The president explained bylaws and procedures to several new officers and a discussion was held on assignments and responsibilities to the Parent-Teacher Association. The executive board and PTA members will convene in September, with the dates to be announced later.

PTA board members in attendance were Mesdames Eva Arbogast, Alma Buerste, Barbara Blackburn, Mae Lee, Alene Moore and Valera Schorffheid, Principal Clyde Lee and Leon Scaggs.

CUB PACK 122 PICNIC
Cub Scout Pack 122 of the Wilson PTA met for an adult committee meeting in the home of Frank Webb, 288 Birch avenue, Monday evening with Cubmaster Joseph Moutria to make plans for the coming year.

Tentative plans were made for a picnic Sept. 6 at Cahokia Mounds State Park; each family will be responsible for its own food and games will be played.

A rummage sale will be held at 2817 Namekoki road from 8 a.m. to 5 p.m. Sept. 15. Parents are to participate with proceeds going to the troop. Donations may be brought to the Namekoki road address.

Regular meetings of the pack will resume in September.

Workings of 'Community Hospital' Here Explained

Granite City Rotarians learned the ins and outs of hospital functions during Tuesday's luncheon meeting at the YMCA at which Eugene E. Eilerman, administrator at St. Elizabeth Hospital, was guest speaker.

Eilerman, who was introduced by Bernard Pinney, program chairman, discussed the hospital's role in the community, the gap between preventive and curative medicine. It is your hospital.

Carl Mathias, club president, was in charge of the meeting, and it was announced that next week's speaker will be David Norton, executive director of the Tri-Cities Area United Fund.

It is a restaurant providing food for special needs, a laundry, a power plant, a pharmacy and a laboratory for x-ray, pathological and other diagnostic services. It is an educational institution, training doctors, nurses and other personnel. It may be a center for medical research.

"It is a center for community health. It is helping to close the gap between preventive and curative medicine. It is your hospital."

He noted that hospitals—the health care industry—are the fourth leading industry in the U. S. in total dollars expended, and that by 1980, health care will be second, outranked only by education and followed by recreation.

That in 1969, \$22 billion will be spent on medical and health services, double the amount six years ago. The average cost, nationwide, for providing one patient with a day of hospital care now is \$62, up \$59 two years ago.

The local hospital, he said, has a \$5,500,000 budget for 1969 with \$3,000,000 in salaries for 619 employees. In 1950, the hospital budget was \$385,000 with \$132,000 for wages for 125 employees.

The hospital presently is engaged in a \$10,100,000 expansion and modernization program to increase from 288 beds to 400. Of the total cost, \$1,300,000 was raised through local public subscription.

"What is a hospital?" Eilerman asked the 33 Rotarians, and then he proceeded to answer the question.

"It is a health team—doctors, nurses, technicians, social workers, secretaries, engineers, dietitians, volunteers, carpenters, housekeepers and many more."

Purse Thief Uses ID Cards for Bogus Checks

Miss Lillie M. Helton of East St. Louis advised Granite City police Tuesday that persons using her name on forged checks apparently were the ones who stole her purse with identification cards about two months ago in Brooklyn.

Chief of Detectives Joseph Kastelic said his department here has a photograph of the individual who cashed a check at one of the three victim stores last week, and the woman is not Miss Helton. The checks, totaling over \$300, were cashed at three local food stores on the account of an East St. Louis firm.

"Miss Helton," the chief said, "has proof that her purse with identification cards was stolen."

Live One Day at a Time — Class

The Ruth class of Third Baptist Church met at the home of Mrs. Vi Wallace, 2916 Madison avenue, Tuesday evening.

Mrs. Ivan Graklanoff, vice-chairman, presided and Mrs. Nelma Black offered opening prayer. The devotion, "One Day at a Time," was presented by Mrs. Thelma Peterson.

Poems were read by two members, Mrs. Juanita Brown, "He Was Going to Be All He Wanted to Be, Tomorrow," and Mrs. Margaret Willmizig, "Live Now."

The missionary chairman, Mrs. Julia McLean, reported on ditty bags which the group is preparing for servicemen in Vietnam. She announced that additional items are needed to fill the bags, and church members are being urged to bring them to church on Sunday. Receiving boxes will be placed in each classroom.

A second mission project, an "adopted" girl who lives at a children's home in Carmi, Ill., was discussed. The class decided to write to see what school clothing it can provide.

These projects will continue through September.

Reports were given by committees, and Mrs. Brown invited the class to her home, 34 Moreland drive, Mitchell, for the next meeting Sept. 9. A style show will be held at that time, and each member is to wear an item of her choice to be modeled.

Mrs. McLean led closing prayer, followed by games led by Mrs. Helen Redfern. A prize was won by Mrs. Peterson.

The hostess served a dessert course to those mentioned and Mesdames Jerry Short and Julia Cornack.

LYDIA CLASS ELECTS NEW OFFICERS

The Lydia Class of the First Baptist Church in Madison met Monday evening in the home of Mrs. Norma Eads, 1659 Fourth street.

After the class aim motto and Scripture given by the group in unison, the class song was led by Mrs. Ann Redman and officers for the coming season were elected. They are Mrs. Eads, president; Mrs. Bonnie Bridges, vice-president; Mrs.

Marie Lassen, secretary; Mrs. Doris Macklin, historian; and Mrs. Redman, song leader.

Others present to whom refreshments were served were Mesdames Colleen E. Evanoff, Ruby Sharder, Sue Jones, Treva Williams, Doris Hargrave and Jeanette Young.

The next meeting will be with Mrs. Jones.

MR. AND MRS. EDWARD R. THEBEAU, who were married recently at St. Martin of Tours Catholic Church in St. Louis.

HAIR FASHION COMMITTEE MEETS

The August meeting of the Granite City Hair Fashion Committee, Affiliate 33, was held Monday evening at the Granite City School of Beauty Culture.

There was a discussion on hair fashion committee tryouts Sept. 28, and a workshop was planned for Sept. 22 for all Affiliate members.

Those attending Monday's meeting were Margaret Barzoff, Dorothy Line, Earl Tucker, Marcella Tucker, Jo Ann Rojas and Irma Hinten.

State Poll-Change Welfare, U. S. Role in Vietnam, Farm Subsidies; Disclose Income, Share Revenue

By U. S. SENATOR CHARLES H. PERCY

A poll conducted by my office throughout Illinois reveals widespread support in the state for a phased withdrawal of U. S. combat forces from Vietnam. Replies to other questions showed strong sentiment in favor of the election of President Nixon by direct popular vote, revenue sharing with the state, an end to farm subsidies, and mandatory disclosure of income by all federal officials.

Moreover, the poll results revealed virtually unanimous satisfaction with the present welfare system. Only 1% of the respondents favored continuing the present welfare system without reforms.

Of the nearly 12,000 persons who responded to the questionnaire, about 75% identified themselves as Republicans.

I will continue to seek the views of constituents in subsequent similar questionnaires.

Here are the poll questions and answers:

1. **Vietnam:** Favor (a) an increase in the U. S. military effort, 21%; (b) a gradual withdrawal of U. S. troops, 58%; (c) unilateral withdrawal of all U. S. troops, 21%.
2. **ABM:** Favor (a) deployment now, 45%; (b) no deployment, research and testing but no deployment pending the results of nuclear arms talks, 45%; (c) no opinion, 10%.
3. **MILITARY SPENDING:** We are putting (a) too much of our resources into military spending, 50%; (b) an adequate amount into military spending, 40%; (c) too little into military spending, 9%.
4. **THE DRAFT:** Favor (a) continuation of the present selective service system, 33%; (b) a lottery system for inductions, 34%; (c) an all-volunteer military, 34%.
5. **PRESIDENTIAL ELECTIONS:** Favor (a) retaining the Electoral College system as it is, 15%; (b) electing the President and Vice-President by direct popular vote, 51%; (c) revising the Electoral College voting system to give each state an equal strength actually won by a candidate in each state, 34%.
6. **EDUCATION:** To finance college education, favor (a) long-term loans repayable by the students themselves, 45%; (b) more federal scholarships, 25%; (c) tax credits for parents, 25%.
7. **JOBS:** Favor (a) guaranteeing every person able and willing to work a job, 55%; (b) continue present welfare system, 15%; (c) concentrate on improving welfare system, 45%.
8. **TAX REFORMS:** Favor returning a percentage of the tax money collected by the federal government to state and local governments to use as they see fit, 71%; No, 17%; undecided, 12%.
9. **ETHICS:** Executive appointments, including federal judges, senators and congressmen and candidates for these offices should be required by law to make public their sources of income. Yes, 77%; no, 16%; undecided, 7%.
10. **DRUGS:** The use of drugs by young people constitutes a serious problem in our community. Yes, 72%; no, 18%; undecided, 10%.
11. **STUDENTS:** Reforms are needed to give students more of a say in decision-making on campus. Yes, 34%; no, 70%; undecided, 6%.
12. **FARM SUBSIDIES:** Gradually eliminate the federal subsidy and control programs for agricultural commodities. Yes, 55%; no, 7%; undecided, 3%.

Exams, Immunizations for Pupils

(Tri-City and Illinois Bar Associations)

Any child to be enrolled in any Illinois school for the first time must have a physical examination and immunizations for certain specified diseases.

The law requires inoculations for measles, smallpox, tetanus, diphtheria, polio and whooping cough in the case of a child enrolled for the first time in any public, private or parochial school, unless exemption is granted.

The immunization requirement is subject to medical approval, and both the immunizations and physical examination are waived upon request of parents based on constitutional grounds.

Each non-exempted child is required to take a physical examination before he enters kindergarten (or first grade) and again before he enters the fifth and ninth grades.

Examinations also are required for children of any grade level entering a new school—if they have not been previously examined.

Whenever necessary, school authorities may require additional examinations.

Immunizations against the specified diseases are required for non-exempted youngsters entering the Illinois school system for the first time, whether as kindergarten pupils, first graders or new state residents. Immunizations or booster immunizations may also be required by the Department of Public Health for students entering the fifth and ninth grades.

A physician who feels a child should not have certain of the required immunizations indicate that fact on the physical examination form and still satisfy the requirements of the law.

Each school is responsible for maintaining a cumulative record on the physical examinations and immunizations taken by its students.

The Department of Public Health is authorized to arrange for the examination of a child, should his parents fail to do so. However, no child will be examined or immunized if his parent or guardian files a statement of constitutional objection and presents it to the school board or Teachers College Board.

The fact that a child has been exempted from a physical examination or immunizations participating in his school's physical education programs, which are prescribed by law.

In cases where a physical examination shows a physical or emotional condition which prevents participation in courses provided for normal children, special physical education activities or a modified course may be prescribed.

Postal System Reform in Progress

(WALDEN N. Y., CITIZEN-HERALD)

In a report to American newspaper editors and publishers, Postmaster General Winton M. Blount gave a progress report on the Post Office Department that is an encouraging sequel to his predecessor's ominous prediction that it was about to be overwhelmed by catastrophe.

Within the span of six months, the new head of the postal system has begun the most sweeping reforms in its history.

Traditionally a slant to politics and politicians, the system was run by a huge, old manual that told how to sweep floors, lock the office safe and perform a thousand other details. It stifled completely all initiative, incentive and creativity on the part of postal personnel.

The big book was the first that had to go, and go it did, Blount asserted.

He is now bringing modern management methods to the department, recruiting the best possible team of managers that can be found.

A postal service reform bill is preparing that will fully restructure the management of the post office.

It should become self-supporting in five years, providing faster, more efficient service than ever before.

One of the proposed changes is now in operation on a testing network of cities across the country, including two in New York—Albany and Binghamton.

State Recognizes That 'Local Tax Sources Could Not Support' a Community College

East St. Louis admittedly is an extreme example—its taxing bodies are farther in debt than is the case in most communities—but its newly-awarded junior college bears out the local belief that the first two years of college should not be financed largely by property owners.

It is difficult enough, perhaps too difficult already, to maintain public elementary and secondary schools, municipal and county services, parks, drainage, township relief and roads and similar existing programs financed primarily from property taxes.

With personal property taxes reduced by the governor and legislature and perhaps due for elimination by voters in a November 1970 referendum, it is even less feasible to consider adding the 13th and 14th years of education to the burden borne by real estate owners.

Establishment of the State Community College at East St. Louis at Missouri avenue and Fourth street is a "first" for Illinois in that no local-level funds will be required for its operation.

The provision of vocational, technical and other courses, expected to reach full operation within a year, will involve cooperation by the Illinois Junior College Board, Southern Illinois University, the State Board of Vocational Education, Governor's Office of Human Resources, Illinois Department of Labor, East St. Louis Committee for a Junior College and several federal agencies.

It is a sound move, as borne out by the extent of unemployment and underemployment in East St. Louis. More job training is essential there.

But, as Gov. Ogilvie said in signing the law, "Under regular methods the college would not be possible; local tax sources could not provide the necessary support."

While the degree of such inability is greater in East St. Louis, the situation is not entirely unique. The Granite City combined tax rate has reached \$5.24 per \$100 assessed valuation, and authorizations already given bring a \$6 rate into view—just to keep even with present commitments to add nothing to additional water sewers or other facilities that may be needed.

If additional junior colleges are required, there ought to be more "State Community Colleges," with the state picking up the tab as it is doing in East St. Louis.

Q—My refund check only covered the amount I claimed on my return and not the additional amount due me from the 1040X I filed. What should I do?

A—You will receive a refund check soon for the additional amount claimed. No further action on your part is necessary.

Q—I do babysitting and a housework for several women on a regular basis. How can I tell if Social Security is being paid on my wages?

A—Employers are required to provide employees with an annual statement of wages paid and Social Security taxes withheld.

For household employees, Social Security taxes have to be paid by the employer when cash wages of \$80 or more are paid to an employee during any calendar quarter. No income tax is withheld.

A full statement of your Social Security coverage may be obtained by writing to the Social Security Administration, Baltimore, Md. 21235. Give your name, address and Social Security number.

Q—My former husband helps support our three children but what he gives me doesn't come close to covering the cost of raising them. Who gets to claim them for tax purposes?

A—The general rule as to the children of divorced or separated parents is that the parent who has custody of the child for the greater part of the year is entitled to claim the dependency deduction.

But there are exceptions to this rule. If you are claiming the credit for dependent care expenses, the credit for the elderly or the credit for the disabled, the parent who has custody of the child for the greater part of the year is not the one who is entitled to claim the dependency deduction.

For details on claiming a dependency exemption for a child of divorced or separated parents, contact your local IRS district office. Ask for a copy of Publication 501, "Your Exemptions and a Exemptions for Dependents."

Q—My church is paying my expenses to a denominational convention this summer. Will this send a paper for me?

A—If you are attending as an official delegate of your church, the expenses being paid for you will usually not be taxable for you.

However, any expenses being paid for you that are not for the purpose of your church membership will be taxable.

Any personal expenses paid for you would have to be declared as taxable income. Also, if you are reimbursed for any expenses your actual expense is subject to tax.

'Show Me the Way to Go Home' . . . To Advance Science, Of Course

(American Association for the Advancement of Science)

Animals trained to do specific tasks while under the influence of drugs "remember" their training better if they are subsequently tested in a comparable drug state than if they are tested without drug.

Similarly, learning acquired in a non-drug state transfers better to the same state than to a drug state.

Testing the hypothesis that learning in humans depends for optimum expression on restoration of the original condition in which learning was acquired, a group of psychiatrists at the Washington University School of Medicine in St. Louis, trained and then tested 48 medical students while drunk or sober.

Students performed four memory tasks, after half the group drank eight ounces of soft drink and half drank eight ounces of 80-proof vodka. All

Another Major Statewide Athletic Event Conducted Successfully in Quad-Cities

The Quad-Cities a convention community? More and more district and regional meetings are being held locally, and the second Illinois Junior Sports Jambooree here in four years underscores how well local residents and organizations can accommodate hundreds of visitors—and how hard they try to make the stay an enjoyable one.

Another successful statewide athletic tournament has been conducted by the Jaycees and Illinois Youth Commission, and the jambooree facilities and conditions were so favorable that 12 new track and field records were set.

The 1969 tourney, the 14th such event, will be a cherished memory forever for the 486 competitors—and for the host community.

Continuing Survey of Public Expenditure Proposals Can Help Large, Small Taxpayers

Although stemming initially from industry, the Tri-Cities Public Expenditure Survey Committee potentially can benefit both small and large taxpayers by helping government agencies avoid excessive tax rates or inefficient practices.

By announcing its study at this time of the year, immediately after the annual property tax collection period, the watchdog group gives individuals as well as corporations ample time to object informally or formally to whatever future taxes or procedures are found to be questionable.

If it did nothing more, it would be valuable as an answer to the situation in which "everybody talks about taxes but nobody does anything about them." We recall being the lone spectator at numerous public hearings and meetings in which spending measures exceeding \$1 million and even \$10 million were adopted. Such infinitesimal turnouts and interest are unlikely in the future, judging by the plans of the Expenditure Survey group.

Unwarranted or last-minute legal action against various rates could complicate the orderly administration of local-level government. In contrast, the approach being followed "lays the cards on the table" and alerts everyone to the possibility of litigation at a time when any basis for protests can be eliminated through strict adherence to laws and responsible revenue decisions.

Aside from these direct steps, the program may help stimulate more widespread interest among the general public in public spending and the decisions that affect it.

And it might well diminish the lonely feeling often encountered by elected officials when considering whether to take an unpopular stand that appears to be right.

'Somebody Cares' at the Telephone Office

We compete indirectly with Southwestern Bell Telephone Co. — our classified index of suppliers is the same as theirs — but we cannot resist saluting the utility for the consistent excellence of its Quad-City directory covers.

The August 1969 telephone book presents color photographs of Harris elementary school in Madison, Parkview grade school and the new Lee Park recreation center and office building in Venice. The book is replete with brilliant hues of the lighted Memorial Park fountain, and previous directory covers were of similar caliber.

What Southwestern Bell is saying with such scenes is that beauty abounds here if we but open our eyes and recognize it. It is an effective way of portraying this community in a positive fashion, and we thank the paper for its efforts to brighten the book that occupies a place on our desk throughout the year.

The Madison County Board of Supervisors received a petition signed by 220 voters residing in Madison, asking that the city be designated a township coextensive with its corporation boundaries. The petition was referred to the Judiciary, Advisory and Necrology committee without discussion. Webster's dictionary defines necrology as a "register of deaths; a roll of the dead; an obituary notice."

POLICE CONSIDERATE DESPITE HECTIC TASKS

To the Editor:

Recently I requested that a local service station perform work on my automobile, the bill for which amounted to approximately \$3. When I returned for the automobile later the same day, I discovered I had no money with which to pay the bill.

Quite embarrassed, I offered to leave my driver's license or a major oil company credit card as security until I could return the next day and clear up the matter. This offer was rejected by the owner of the station.

I then offered to write a check to the owner, covering the amount owed, but this offer, too, was rejected. I was told to produce the amount owed or not to return the auto or the keys to me.

Having no other recourse, I requested assistance from the Granite City police department.

Shortly thereafter, Patrolman Erwin Kuenhoff arrived at the service station. After listening to both sides of the issue, he removed his wallet, extracted \$3 and gave it to the service station owner, at the same time turning me around and saying, "Give it back to me the next time you see me."

This letter is being written for my readers, particularly those opposed to police behavior and action, justifiably or unjustifiably.

I hope it will serve as a reminder that a police officer should not be looked upon as a symbol of legitimate violence, but rather as a combination of impartial fairness, courtesy and for the most part, genuine concern for the welfare and well-being of the citizens and visitors of the community which he serves.

Patrolman Kuenhoff was not required by law, policy or departmental regulations to follow the course of action he did. Instead, he took it upon himself to assist me in this way. Because of this, both parties to the dispute were satisfied without complications, embarrassment or hard feelings toward the police department.

The incident would never have been televised had it not been for the "cops and robbers," police action or "private eye" series. Most of the aforementioned programs feature, for the most part, illustrations of justified violence.

I have no doubt that justified violence plays a large part in the physical, mental and emotional environment of a police officer, and he must learn to live in the shadow of this environment.

However, I seriously doubt if all police officers are guilty of this. It is, rather, a continuing series of petty and insignificant situations which develop simply as a result of human nature, which takes up the major portion of his time and energy. I would tax the patience of a saint.

I personally thank and commend the patrolman and his fellow officers for the patience and intestinal fortitude they display while dealing with the disrespectful, law-abiding citizens.

I feel the time is long overdue

for us to re-evaluate our attitudes toward police officers, not only in Granite City but throughout the nation.

We should adopt an attitude of appreciation for what they have done for us and what they will continue to do. We should make a genuine and sincere attempt whenever and wherever possible to cooperate with them and assist them whenever necessary.

MUST FREEDOM BE LOST TO BE APPRECIATED?

To the Editor:

Communism has no place in America, because, our Constitution is of no value to us if we are to have the American way of life are far superior and serve more of our country's needs.

Communism has nothing to offer our American people that's worthwhile.

The many programs they have set up in the schools, country and its people, but allowed to continue could destroy the free enterprise system that we in America have enjoyed for so long—and many other things that America stands for.

If they ever gain control of America it will leave the American people standing without hope, with their God-given rights gone.

One might ask, "Could this happen in America? How would it affect our people and country when our churches, schools, businesses, schools and farm lands fall into the hands of the Communists?"

That's when our people would understand more fully what America is now and what made it the greatest nation on earth. It would be sad for the American people when they were not allowed to speak for what's right and what's wrong, and when our prayers and songs and the voices of our ministers in our churches were forced to keep silent.

Then we would know how wrong Communism is. Will it be too late then?

God give us grace to stand up for America. This should be the hope and prayer of every American citizen.

FLOYD MILLER,

MADISON POLICEMEN PROMPT, EFFECTIVE

To the Editor:

People in general are always ready to criticize the police, but this is a letter of praise, not criticism.

My family and I moved to Madison in March and are living in the old Alcott home.

We have two sons of our own and two foster sons. Both foster sons have had their bikes stolen out of the yard since we've been here, but through the prompt work of Madison police we got them both back almost immediately.

The boys would have been quite unhappy without their bikes. We appreciate the good work the police department is doing.

DOLLAR STRETCHERS FOR OLDESTERS

Today I want to talk about how people can stretch their food dollars. For most old people, meat balls and in meat sauce over spaghetti. Serve creamed corn over the spaghetti or baked potatoes — or mix it with rice. The cream sauce will enhance the pork.

Ground beef is your all-purpose friend — for meat loaf, patties, meat balls and in meat sauce over spaghetti. Serve creamed corn over the spaghetti or baked potatoes — or mix it with rice. The cream sauce will enhance the pork.

In Season Foods

Fresh fruits and vegetables in season if they are less expensive than frozen or canned. Occasionally use tomato juice instead of orange juice.

All of your leftover vegetables will help add variety and nourishment to soups. Leftover liquids from canned fruits go well in gelatins and fruit sauces for cake or ice cream.

Slightly stale bread will be refreshed by toasting. So will leftover biscuits or rolls if you re-butter them or sprinkle them with cheese and then broil them under the broiler.

Older people should not forget milk, the original convenience food. Just pour it and it's ready to drink. At least two glasses a day are a good idea. Also, get a variety of vegetables and fruits. Eat them every day. 4 servings of fruits and vegetables a day are in breads and cereals. That's the four food group plan, a plan that will keep you healthy.

Obtain Accreditation Separately for SIU-SW

The North Central Association of Colleges and Secondary Schools has approved independent accreditation for SIU-SW. Dr. Delyte W. Morris, SIU president, has been advised of the action by Norman Burns, executive secretary of the association.

Previously, the local campus has been accredited through the Carbondale campus. The North Central Association acted after a request for independent accreditation of SIU-SW was made by SIU. The approval followed an examination of the campus and its programs by the association.

The accreditation covers bachelor and master degree programs on the southwestern campus, plus the educational specialist degree, which is a sixth-year program. As doctoral programs are developed here, preliminary accreditation will be sought for each new degree.

FORMER LOCAL BAND LEADER, Dennis Kilmer applies his nimble guitarist's fingers to painting the fleet tug, USS Tillamook, a battleship grey.

Dennis Kilmer Keeping Up with Music in Navy

Thousands of miles from his hometown and equally as far from members of his former music groups, Dennis Kilmer, a gifted musician in civilian life, is not allowing his skills to lie dormant, according to a report from the USS Tillamook information officer.

Recently promoted Radioman Third Class Kilmer, whose parents, Mr. and Mrs. Elbert Kilmer, reside at 2815 Buxton avenue, is serving on board the Tillamook, a U. S. Navy fleet tug, based at Yokosuka, Japan. The ship, on station in the Western Pacific, provides service and assistance to other U. S. Navy vessels ranging from the Vietnam coastal waters to Singapore, Hong Kong and Japan.

According to a letter written July 21 to his parents, the Tillamook was leaving Singapore en route to Vietnam. The sailor noted that the visit to Singapore was a "most interesting experience" and expressed amazement at the vast number of nationalities found in the port.

Prior to entering the service on March 23, 1968, Kilmer was leader of the Mosburg Shotgun and before that the "Coachmen." Both bands are popular with the teenage crowd and the latter group has won widespread recognition.

Navymen Kilmer, a guitarist and vocalist, was preparing to cut his first recording when he enlisted in the service, his mother said.

According to the Navy, the musician still finds time to practice his musical skills and has organized a band among the Tillamook crewmembers, with the group performing at various times in ports in Japan and the Philippines.

The serviceman left for overseas on Jan. 6, after spending Christmas on leave at home. He trained several months at a radio school in San Diego before assignment to the Navy tug.

Friends may write him: RNS Dennis Kilmer, B-54801, USS Tillamook, ATA-102, FPO 96601, San Francisco, Calif.

Junior Auxiliary at Hospital Plans Event

A meeting of the Junior Auxiliary of St. Elizabeth Hospital was held recently in the Tri-Cor building. Mike Ridge, vice-president, was in charge in the absence of the president, Charles Jackson.

Announcement was made of \$53 added to the treasury by the recent car wash, and a bake sale was planned for the near future.

It was agreed that members be given a ring bearing a medical symbol and the initials "J.V.A." A plan also is in progress to honor a Candy Stripper of the month.

On behalf of the club, Mary Nagel, the newly appointed secretary, presented Mrs. B. C. O'Neill, advisor, with an appreciation gift. Prizes were awarded to Shirley Brokaw and Dennis Morgan. Refreshments were served by Lynn Whaley. Hostesses for Sept. 13 will be Sharon McLaughlin, Rita Black, Linda Cox and Debbie Bunch.

Mrs. Louise Sedlack announced a coming event, "The Frayed Follies," to be presented Oct. 24-25 in the local high school auditorium by the Women's Auxiliary of the hospital.

Two GC Students at Student Council Meet

Two members of the Granite City high school Student Council are attending the second of two workshops of the Illinois Association of Student Councils this week on the Monticello College campus at Godfrey.

They are John Harzall and Mike Wilson, who are among 200 students representing 112 schools. The workshops are directed by Ronald Ganschowitz, Venice high school teacher and a member of the IASC executive board.

Delegates are divided into

eight councils of 25 members each to discuss student council problems in the areas of school and community relations, communications, standards and criteria, budgets and finance, and evaluation.

Working under the philosophy "we learn to do by doing," each council attempts to solve a hypothetical problem which is assigned at the beginning of the week.

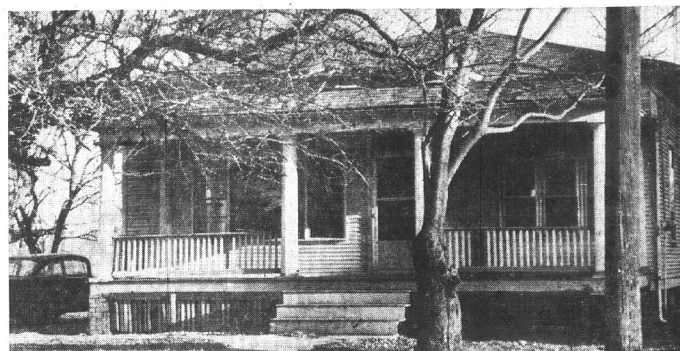

Phil Simon of Trotwood, O., is lecturing on foundations and boundaries of student councils, leadership skills, problem solving techniques and parliamentary procedure.

Harbison Earns Guitar Honors at Festival

Darrell Harbison, son of Mr. and Mrs. Grant Harbison Jr., 3032 Nameoki drive, was the top guitarist at the 1969 Mid-America Music Association Festival in Kansas City, Mo., it was learned here this week.

He won top honors in the virtuoso solo class, scoring 100% on each of two compositions, "Suite in D Minor" by Johnny Smith and "Sonata in D Sharp Minor" which he composed himself.

He performed with other virtuoso winners of accordion, drums, piano and organ, plus guest artists.

TOP GUITARIST at the annual Mid-America Music Association Festival in Kansas City, Mo., is Darrell Harbison of Granite City who displays his first-place trophy.

Harbison has played the guitar for 4½ years and entered M.A.M.A. competition for the third time. He won a trophy in 1967 for a superior rating in the AA division and another in 1968 in the AAA division.

He participated in the festival through the National School of Music where he has studied three years under Burel Schmis-

seur, owner of the school, mastering the guitar and bass viol. He currently is a teacher at the school.

He played the clarinet for eight years in the school band and is a proficient jazz-blues guitarist.

Harbison, 18, is a 1969 graduate of Granite City high school and will attend Southern Illinois University-Southwestern campus in September, majoring in classical guitar and minoring in piano.

Miss Miles Enrolls At Humboldt Institute

Miss Peggy A. Miles, daughter of Mr. and Mrs. Morse H. Miles, 2421 Roney drive, has been as a student by Humboldt Industries and will attend the school's resident classes in Minneapolis, Minn.

She looks forward to a career in airlines, travel and transportation and will be enrolled in Humboldt's international travel and secretarial course.

After completion of her 36 weeks training, she will be professionally qualified for a choice of openings, such as airline ticket agent, reservationist, travel agent, tour guide and secretary to executives in every area of the travel and transportation industry.

4-H'ers Spruce up Homes, Eye Awards

Six teenagers who have improved their home surroundings through their own initiative and efforts will win up the year richer by a \$600 scholarship. They will receive their reward early in December during the National 4-H Congress in Chicago.

These young people are 4-H members who will be named 1969 national winners in the 4-H home improvement program supervised by the Cooperative Extension Service, and supported by the S&H Foundation Inc. They are fixing up their own rooms, or decorating and remodeling, to add utility and beauty to the family dwelling.

Last year nearly 188,000 rural and urban 4-H'ers participated from coast to coast. The youngsters generally are between 9 and 19 years old. They belong to a club or group having a volunteer adult leader competent to advise and teach them the "whys" and "hows" of home improvement. The Extension Service does the overall program planning and project evaluation.

"How-to-do-it" skills taught 4-H'ers should be practical and yet help add beauty to home surroundings which the entire family can appreciate and enjoy," said a 4-H leader. Creativity is encouraged.

Girls put their sewing skills to good use in making curtains, draperies, spreads and wall hangings. Among boys carrying a home improvement project can be found amateur carpenters, painters and electricians.

Getting the most for the least money, or with no cash outlay at all, are shortcuts to home improvements, the 4-H youths soon learn. Restoring old or discarded items is a favorite hobby that adds value and variety to room furnishings.

Besides county honor medals, the S&H Foundation sponsors an expense-paid trip to the National 4-H Congress for one winner per state. From the state champions, six national winners will be selected to receive \$600 S&H scholarships. The scholarships may be used at a junior college, vocational school, or four-year college or university.

AWARD WINNERS from the National School of Music who attended the Mid-America Music Festival at Kansas City, Mo., are, left to right—Keith Wagner, Leonard Schaefer, Ed Williamson, Paul Krause, Keith McGhee, Larry Williamson, Beth Halbrook, Stan Allmon, Douglas Sawyer, Alan Firebaugh, Ed Belling, George Sotiroff, Cindy Vaughn, Scott Winters and David Raub. Absent from the photo are Eric Schmisser, Richard Hermes, Berry Gibbs and Joe Young.

20 GC Music Students Attend Music Festival

Twenty accordion, guitar, piano and band students at the National School of Music of Granite City attended the 12th annual Mid-America Music Festival last weekend at Kansas City, Mo.

They won 22 superior and five second-place awards as about 1800 contestants from 70 music schools participated.

The local contestants were under the supervision and direction of Mr. and Mrs. Burel Schmisser and David Roady of Granite City.

STAGE APPEARANCE by Erie Mills (right), daughter of Mr. and Mrs. Joseph Mills, 2104 Cottin avenue, who portrays the role of Constance in the Gilbert and Sullivan operetta "The Sorcerer" at the National Music Camp at Interlochen, Mich. Playing the role of her mother is Chris Czukor of New York City. The camp will conclude its 42nd season on Sunday.

'J Christopher' will Play Monday at YMCA

The Tri-City area YMCA will present "J Christopher" at its regular dance Monday night, Aug. 18, from 8:30-11:30 p.m. The group, which appeared at the "Y" in July, has had a change in their drum section. Danny Ison, a former member of the "Coachman," has replaced John Pritchett at drums. Pritchett was called into service. Ison also will sing with the group. Other members are Chris Vaughn and Rich Cloisich.

The final Monday night dance will be held the following week, Aug. 25, with "Arrow Memphis" furnishing the music. Saturday dances will begin Sept. 6.

'I've Done Better' GC Contestant Says

Competing in the midwest girls baseball throw, Robin Deterding, 11-year-old daughter of GCHS Head Basketball Coach Don Deterding, expressed some disappointment with her efforts in Friday's contest which earned her a fifth place trophy.

Robin commented that she had "done a lot better" in the local Granite City meet and during the sectional contest at Alton. She was assured that fifth place in the state was an enviable record. The blonde-haired youngster will be a sixth grade pupil at Niedringhaus school this fall and the Jamboree was her first sports tournament.

Becky Thomason

DeMolay Sweetheart to Bid for State Crown

Becky Thomason, Sweetheart of the James Stuart DeMolay chapter, will compete for the title of Illinois DeMolay Sweetheart at the 41st annual state DeMolay convocation to be held this weekend at Western Illinois University, Macomb.

Becky, 5-feet, 6-inch, Auburn-haired 17-year-old daughter of Mr. and Mrs. Ewing Thomason, 5425 Evergreen drive, will be a senior at Granite City high school.

Last year she was president of the junior class and a member of the Girls Athletic Association, Red Peppers, Social Studies Club and Science Club. She was elected and crowned the chapter's 1968 Sweetheart following the public installation of officers at the Masonic Temple in April.

Mrs. Peggy Thomason will be her chaperon at the three-day 50th anniversary meet. The coronation will be held during the grand ball Saturday evening in the University Union building. Twenty-six DeMolays and two advisors are to attend.

3 GC Students Selected To Play in U.I. Bands

Three Granite City students are among 140 incoming freshmen at the University of Illinois to be selected for membership in the U. of I. bands, director Mark Hindley announced today.

They are Russell Gertsch, 1644 Garfield avenue, clarinet; Kendall McMillan, 3380 Wabash avenue, cornet; and Robert Williams, 2010 Pontoon road, percussion. They auditioned at the Champaign-Urbana campus this summer.

SIU-SW Alumni Plans Boat Excursion

Southern Illinois University Southwestern campus alumni plans to host a Madison and St. Clair counties will enjoy an evening on the Huck Finn Friday, Aug. 22, according to Warren Stookes, assistant alumni director at SIU-SW.

Alumni will board the Port of Louis river vessel at 6:30 p.m. at the foot of Washington avenue and set sail at 9 p.m. for a three-hour evening of fun and relaxation, Stookes said.

Artist-Lecture Series Planned at Campus Here

Southern Illinois University-Southwestern campus has scheduled a diverse selection of attractions for the fall quarter of its 1968-70 Artist-Lecture Series, according to Prof. William Shaw, the series committee chairman.

"The schedule ranges in program appeal," Shaw said, "from Larry Logan, 'The Heil-etz of the harmonica,' on Sept. 27, to Daniel A. Chapman Nyaho, Ghana's first ambassador to the U.S., and now permanent representative to the United Nations, who will be on the campus Oct. 13."

Lillian Gish will be here Nov. 19. "Miss Gish will take us back to the sentimental twenties," Shaw said, "with excerpts from such old timers as Hearts

Latham Completes Sea School Training

Marine Pfc Dennis B. Latham, a son of Mr. and Mrs. Yolande B. Latham, 73 Lee Wright Home, Venice, has completed Sea School training at the Marine Corps Recruit Depot, San Diego, Calif.

The three-week course prepares Marines for duty aboard Navy ships. Instruction covers sea terms, Navy traditions, honors and ceremonies aboard ship and ashore.

Other attractions scheduled for the fall quarter include Yass Hakehima, who has a background of Japanese literature, classic dance and Noh movement; The Kaleidoscope Players in "Dear Liar"; Alvin Toffler, author and former associate editor of Fortune Magazine; Chuck Moore, writer of news stories on rums, Black Panthers, and Martin Luther King; and John Smith, theologian and professor of philosophy at Yale University.

All of the Artist-Lecture Series features are open to the public without charge. Times and places of individual events will be announced later, Shaw said.

Son in Vietnam Calls; 2nd Son Returns Home

The telephone connection could have been better, as part of the conversation had to be relayed through the operator, but Mr. and Mrs. Everett Dunnivant, 2009 Troy street, Madison, were happy to hear the voice of their son, Larry, who called home Saturday from Vietnam.

Specialist Four Larry Dunnivant, 20, has not been home for 18 months due to service in Okinawa and Alaska, so Saturday's surprise telephone call was greatly welcomed by the Madison family. "Everything here is fine, so don't worry about me," the soldier told his parents.

The serviceman who attended Madison high school before enlisting in the Army in November 1966, initially was sent to Vietnam late last year. As his brother, Marine Sgt. David Dunnivant, 22, was already serving in the combat zone, military authorities re-assigned Larry to Okinawa, where he remained until a month or so ago. Marine Sgt. Dunnivant completed his second 12-month tour of duty in Vietnam in July and recently concluded a 30-day leave here with his wife, the former Miss June Presley of Mitchell, and their two children, Eddie, three years, and Dawn, one year.

The Marine and his family are now at Camp Lejeune in North Carolina, Mrs. Dunnivant said.

1st Place Winners in Jr. Sports Jamboree

Twelve new state records were established, four were tied and three other state marks broken in preliminary heats during the Illinois Junior Sports Jamboree in Granite City, according to official statistics announced this week.

The record smashing spree by contestants in the 14th annual state sports meet at the Granite City high school athletic field equalled the 1963 mark when 12 Jamboree records were set on the Eastern Illinois University cinder track at Charleston.

A long-standing unbeaten mark in the 50-yard dash for intermediate girls, set in the 1959 Jamboree finals at Springfield by Leahseneth "Lacey" O'Neill of Chicago, was smashed in the qualifying rounds by Margaret Jones of Peoria.

Miss O'Neill, who went on to become a member of the 1964 U.S. Olympic track team, set the original record in the time of :06.15. Her remarkable performance was bettered Friday evening by the swift-footed Peoria girl, who turned in a :06.1 time, taking first place in the finals in :06.2.

Girls High Jump
Teresa Matt of Liberty bettered her own state record in the intermediate girls high jump with a mark of 5' 1 1/2", but saw her 1967 record in the girls high jump fall to Pat Riddle of Peoria in 4' 11 1/2".

New state records also were set by:
Tim Meyer of Quincy, midjet boys high jump, 4' 9"; Wendi Hrehovscki, Lincoln, midjet girls high jump, 4' 5"; Mary Higgins of Springfield, midjet girls long jump, 14' 10 1/2".

James Stumbaugh of Belleville, junior boys high jump, 5' 6"; Gaylene Barber, Rock Island, junior girls long jump, 18' 1 1/2"; Jan Ellis, Georgetown, throw, 24' 4"; Jackie Flowers, Normal, midjet girls 75-yard dash, :8.9 seconds.

Kevin Hunt, Markham, junior boys 75-yard dash, :8.1 seconds; Gail Rice, Rock Island, junior girls 100-yard dash, :1.6 seconds; and the intermediate boys 440 yard relay team from Rock Island in a time of :4.3 seconds.

State Records Tied
State marks were tied by contestants Roger Anderson of Peoria, midjet boys 50-yard dash, high jump, Debbie Leukauf, Gary, junior girls 50-yard dash; Steve Lewis, Rock Island, intermediate boys 50-yard dash; and Loyette Spitzer, Chicago, intermediate girls 100-yard dash.

In the preliminary rounds, new state records were set by Wilbert Covins, Evanston, junior boys 75-yard dash, and by the Rock Island junior girls 440 yard relay squad.

First place champions in all 18 field and 23 track events were as follows:
Midjet Division - Girls high jump, Wendi Hrehovscki, Lincoln; boys high jump, Tim Meyer, Quincy; girls long jump, Mary Higgins, Springfield; girls baseball throw, Theresa McCarthy, Elmhurst; boys baseball throw, K. R. Champion, Granite City; boys long jump, Kerry Rice, Springfield.

Junior Division - Girls long

jump, Gaylene Barber, Rock Island; boys high jump, James Stumbaugh, Belleville; girls high jump, Pat Riddle, Peoria; boys baseball throw, Greg McDonald, South Valley; girls baseball throw, Jan Ellis, Georgetown; and boys long jump, Wilbert Covins, Evanston.

Intermediate Division - Girls high jump, Teresa Matt, Liberty; boys high jump, Roger Anderson, Danville; girls long jump, Nadine Lumpkin, Chicago; boys baseball throw, John Higginbotham, Glen Carbon; boys long jump, Robert Williams, Rock Island; girls baseball throw, Trudy Minner, Geneseo.

Boys 800 Run
Intermediate boys 880-yard run, Bob Trefzger, Bloomington; midjet girls 50-yard dash, Diane Austin, Markham; midjet boys 50-yard dash, Clarence McKay, Markham; junior girls 50-yard dash, Debbie Leukauf, Gary; junior boys 50-yard dash, Keith Tushorn, Springfield.

Intermediate girls 50-yard dash, Margaret Jones, Peoria; intermediate boys 50-yard dash, Steve Lewis, Rock Island; midjet girls 75-yard dash, Jackie Flowers, Normal; midjet boys 75-yard dash, Bruce Davis, Newton; junior girls 75-yard dash, Pat Riddle, Peoria; junior boys 75-yard dash, Kevin Hunt, Markham.

Junior girls 100-yard dash, Gail Rice, Rock Island; intermediate girls 100-yard dash, Loyette Spitzer, Chicago; intermediate boys 100-yard dash, Howard Jones, Evanston; junior boys 220-yard dash, Robbie Grigsby, Chicago; intermediate girls 220-yard dash, Diane Kummer, Bensenville; intermediate boys 220-yard dash, Bob Taylor, Rock Island.

Midjet girls 220-yard relay - Hudson with Julia Beemer, Tami Myers, Michele Young and Laura Weber; midjet boys 220-yard relay - Normal - with Minott Wilkinson, Ricky Summers, Danny Lang and Bob Miller.

Junior girls 440-yard relay - Rock Island - with Gaylene Barber, Beth Ann Moore, Sharon Edwards and Gail Rice; junior boys 440-yard relay - Evanston - with Jerry Summers, Wilbert Covins, Joe Briscoe and Ben Gibson.

Intermediate girls 440-yard relay - Chicago - with Nadine Lumpkin, Joyce McCulloch, Cathy Peobles and Beatrice Tankson; intermediate boys 440-yard relay - Rock Island - with Steve Lewis, Wade Seward, Robert Taylor and Robert Williams, new state record, :4.3 seconds.

Pontoon Beach Water District Revenue Rises

The Pontoon Beach Public Water District had operating revenue of \$27,553 during its 1968-69 fiscal year, while operating expenses amounted to \$22,500, according to an accountants' report released this week by district officials.

Total income for the year, which ended June 30, was an increase of \$836 over revenue of the previous year amounting to \$26,717, the report shows, with operating expenses increasing in an almost comparable amount. The \$32,500 operating expense of the 1968-69 year was up \$874 over the 1967-68 cost of \$31,626.

Operating cost applied against revenue left the district \$25,052 for the 1968-69 year, but depreciation of \$7782 reduced this total to \$17,270. This figure was increased to \$17,166 through receipt of \$1875 in interest on savings deposits. Payment of interest on outstanding bonds reduced the net income to \$831.

The report shows the district's accumulated earnings at the beginning of the fiscal year was \$22,000, an amount that was increased to \$27,271 by addition of the net income figure.

Revenue during the year included \$66,508 for water sold to customers, compared to \$47,845 the previous year. Other income consisted of \$1575 in service charges and \$25 in miscellaneous revenue. The total of these items was reduced \$555 by the cost of interest on outstanding bonds.

Expenses included \$15,110 for water purchased, \$7100 in salaries, \$1040 in legal fees and \$5309 in maintenance and supply costs. Trustees fees amounted to \$870; travel expense, \$205; audit fees, \$465; postage printing and office supplies, \$1988, and insurance, \$247.

The report shows the district has total assets of \$382,431 including its utility system at \$305,501, special fund accounts of \$65,124, and other cash assets of \$11,805. Liabilities include \$265,000 in waterworks refunding revenue bonds.

Nameoki Twp. Seeks Photos Of Drainage Problem Areas

An appeal to area residents, newspapers and agencies to submit pictures, health records or other documentation relating to unsanitary or unhealthy conditions in Nameoki township due to improper drainage was made at a meeting of the Nameoki town board Monday evening.

The request for public support in compiling a library of pictorial and documented evidence for presentation to governmental agencies concerned with sanitary and surface drainage was contained in the initial report of the newly established Nameoki Township Sewerage and Drainage committee.

The four-man committee, under the chairmanship of Edgar Patrick, who will take office Jan. 1 as Nameoki township tax collector, was appointed at the town board's July 28 meeting. The group held an organizational session Sunday.

Other committee members are Town Board member Robert Beale, Harold Miller of Miracle Manor and Mike Ropac, former chairman of the now dissolved township sewer committee.

More than 50 residents jammed the township offices Monday for the semi-monthly meeting. Many, unable to be seated in the conference room, remained standing in an outer office to hear the board transact mostly routine business.

Ouster Move Rumored

It was learned, following the meeting, many in the audience had been advised by telephone calls to their homes earlier Monday that efforts would be made that night to oust Charles Hanks, Nameoki township highway commissioner.

Others present said they were interested in hearing "just what the board proposed in clearing up the township's drainage problems."

Despite the crowded meeting room, the audience sat quietly throughout the 30-minute session.

Program at Emmanuel Baptist Church, 1800 Pontoon road, got under way Monday evening and will continue each night through Aug. 22.

Rev. Vernon D. Covington, pastor, announced that a church-wide picnic, with the VBS, will take place this Sunday at the Association Baptist Grounds, Mitchell, starting at 1 p.m. Each family is to have a "pot-luck" dish.

An afternoon of recreation is planned and a "singingspiration" will close the activities.

Also announced as a part of the VBS program was the "Parents' Night," on Sunday, Aug. 24 at 7:30 p.m. The "New Youth Choir" led by Larry Whitsett and Kenneth Carr will hold a picnic at Lake Springfield Saturday. Members, family and friends are to meet at church at 8 a.m.

CUB PACK 22 HOLDS FAMILY SWIM PARTY

A swimming party was held by Cub Pack 22 Sunday at the

floor. None sought to gain the floor nor ask questions of the auditors, although invited to do so by Supervisor Harry Briggs. Two former township auditors were among those present.

The township sewerage and drainage committee also reported several basic principles that members intend to follow. The report stated that Miller has agreed to act as recording secretary and that minutes of all meetings will be kept and made to that effect to be replaced Hanks. Neither was able to identify the caller. Hanks is an elected official.

A resident of the Bend road area commented, "Charles Hanks has been wonderful to us in the Bend and to people living in State Park. He really takes care of the roads. You should have seen our area before Charlie took over as road commissioner," she added.

Nameoki town clerk Louis Whitsett, who also tried unsuccessfully to track down the source of the rumors, from those standing in the outer office, later stated, "There is no one named Hanks here."

The township highway commissioner who was present Monday night had been the subject of heated criticism along with other township officials at an earlier session. Residents demanded that action be taken to repair roads in flooded areas.

Part of a special report concerning emergency roadwork submitted by Hanks Monday, showed a total cost of \$2198 had been spent to date on emergency repairs and removal of debris.

Briggs explained that Hanks had been unaware at the time the emergency work started that he was permitted to contract outside help to supplement regular township crews.

A complete report prepared by the Nameoki township highway official was submitted yesterday to William L. Elsie, Southwestern Illinois Mutual Aid coordinator, for incorporation into an area-wide request for federal funds. A related

news item appears elsewhere in today's publication.

The township sewerage and drainage committee also reported several basic principles that members intend to follow. The report stated that Miller has agreed to act as recording secretary and that minutes of all meetings will be kept and made to that effect to be replaced Hanks. Neither was able to identify the caller. Hanks is an elected official.

The committee also plans to seek local attorneys and civil engineers to act without compensation as technical advisers pertaining to their fields, limiting the advisers' obligations to advice only and not to actual legal or engineering services.

It was reported that William Schooley, Nameoki township auditor, has agreed to act as legal adviser for the committee and that discussions are under way with a local engineering firm to provide voluntary aid in this field.

It was stated that any legislation recommended by the committee will be accompanied by further recommendations that the town board submit the proposals to the electorate for passage by referendum.

The initial phase of the committee's task will include a complete study and documentation of all facts, pictures and other items which clearly point out the extreme need of sanitary and surface drainage facilities in and adjacent to Nameoki township.

It was agreed at Monday's meeting the committee would act on behalf of the Township Board of Improvement to study all phases of drainage problems and coordinate their fact-finding efforts with Granite City and the East Side Levee Dis-

Bidding on Materials

Placed on first reading was an ordinance requiring all purchases of material for public works and contracts, exceeding \$500, to be let on open bid, with specifications published ten days in advance of the closing date.

Auditor Beedle asked the highway commissioner to seek removal of high weeds adjacent to a spur railroad track in the Parkway area. Owners of vehicles towed away by the township are liable for towing expenses before the vehicle is released, it was reported.

Personal Tax Loss Light Under New Bill

Quadrant area taxing agencies would lose about 3% of their tax income under a new bill exempting household furniture and one automobile per family from personal property taxes, a study of assessment figures showed today. The bill, passed in this year's Illinois legislative session, has been signed into law by Gov. Ogilvie.

County and municipal finance officials noted that while any loss of tax income handicaps taxing agencies, the new law is not expected to result in any serious trouble for taxing units because assessments on household furnishings and autos make up only a small part of personal property valuations.

In addition, municipalities and Madison county will recoup any losses in personal property taxes through allocation of the new state income tax and a full 1% share of the state sales tax. Townships, school districts, fire districts and certain other agencies, however, will feel a direct loss from any personal property tax reduction because they are not included in the municipal program for distribution of income tax and sales tax.

Effective Next Year
The new law will become effective with the 1970 assessments, which means that taxpayers will not feel the benefit of the assessment cut until they pay their 1970 tax bills in 1971. Under Illinois tax procedure, tax bills received in one

year represent the taxes due for the preceding year. County officials pointed out that if the law had been made applicable to the 1969 tax year, virtually all assessment extensions would have to be redone.

The new bill does not affect any types of personal property assessed other than household furnishings and one family auto.

In instances where a family has more than one car, the additional car, or cars, will estimate that while no records are available to determine listings of second autos, the law will remove about two-thirds of the cars now assessed from the personal property rolls.

On the basis of 1968 property valuations, elimination of assessments on furniture and two-thirds of the auto values would mean a personal property tax loss of about \$18,000 in the four townships of the Quadrant area. Broken down on the basis of percentage estimates, these figures include Granite City, \$238,737; Namekeni township, \$64,555; Venice township, \$66,315; and Chouteau township, \$45,481.

Not Critical Losses
These are not considered critical losses in view of the fact that the total tax billing for these four townships for the 1968 tax year amounted to \$14,786,542.

County auditor John Kravnak said he is not concerned to any extent over the potential tax loss to the county under the new bill, which would amount to about \$77,000 on the basis of 1968 valuations, but that he is seriously concerned over the possible elimination of the entire personal property tax, a proposition upon which the people will vote as a constitutional amendment next year.

Kravnak said that the county expects to receive about \$67,000 in state-allocated income tax and an increase of about \$112,000 in sales tax allotments, giving the county about \$782,000 more than it now receives.

Could Leave Deficit
But, he said, elimination of personal property taxes would mean a loss of nearly \$1 million which would offset the new tax receipts and leave the county an additional deficit of more than \$200,000.

Bulk of personal property assessments, which are untouched by the new law, is represented in machinery and equipment and in merchandise and goods on hand in industries, stores and business firms.

Personal property assessments in Granite City township

for the 1968 year, for example, amounted to \$76,829,915. Of this amount only \$2,862,110 represented assessments on household furnishings and all auto assessments amounted to only \$7,700,850. On this basis, Granite City's furniture assessments represent only 3.0% of the total personal property value and auto valuations make up only 4% of the total personal property assessment.

Machinery and equipment, on the other hand, accounted for 1968 assessments of \$42,004,980 in personal property listings and merchandise and goods on hand accounted for assessments of \$15,824,960. Personal property valuations in other townships of the Quadrant area are proportionately the same.

In signing the bill Gov. Ogilvie described the new measure as "an important move to eliminate the personal tax. I am confident the voters will take the second and final action next year when they can approve a constitutional amendment ending this pernicious tax."

State tax officials estimate the bill will remove about 80% of Illinois residents from the personal property tax lists, but point out that the new law still will go into a court test on grounds that it is unconstitutional.

Religious Convention To Include Ordination

Jehovah's Witnesses will hold a three-day circuit convention in Belleville Sept. 19-21, it was announced this week by Angelo Scaglione, presiding minister of the local congregation.

Site of the convention will be the Belle-Claire Exposition Building, 200 South Belt-East. Upwards of 200 delegates from the 14 congregations in the circuit are expected to attend the convention sessions.

Scaglione said, "The three-day program will consist of a variety of talks on Bible subjects, with discussions and demonstrations arranged to aid all in attendance to apply Bible principles more fully to their everyday living."

A regular feature of the convention, ordination of new ministers, is planned for Saturday, Sept. 20.

Announcement of the full program followed a meeting of the Madison American Legion Hall, 2822 Palmer avenue, will be cancelled.

Mexican Independence Fiesta Set September 6

To commemorate the 159th Anniversary of the Mexican Independence of Mexico, the Mexican

Commission of Granite City will sponsor the annual "Mexican Fiesta" at 8 p.m. Saturday, Sept. 6, in the Venice-Madison American Legion Hall, 740 Broadway, Venice.

Final plans for the traditional fiesta were announced this week following a meeting of commission members in the Granite City Jaycee clubhouse on Poplar streets. Rufus Vlahos was host.

Named as director of this year's colorful public fête was Miss Lisa Garcia, who will be assisted by Miss Vicki Valencia and Toni Tinsley. Ronald Rojas will serve as master of ceremonies, and Mrs. Elva Ortiz was appointed publicity director.

In addition to a variety show, with the performers in authentic national costumes, music for dancing will be provided at the festival by "Los Hermanos Santacruz." Tickets may be purchased in advance at \$2 per person, or at the door fiesta night for \$2.50.

Advance tickets sales are being handled at the Venice-Madison Legion Hall; Tri-City Cycle Sales & Service, 308 Madison avenue, Madison; Ernie & Annie's tavern, 635 Niedringhaus avenue; Mendoza Sporting Goods, 938 1/2 Niedringhaus; Valencia's Tasty Cream, Pantano

Tank Cooling System, Truck Scale Planned

Installation of a cooling system atop the two-million-gallon storage tank at Granite City Harbor on the Chain of Rocks canal was taken under advisement Monday afternoon during a meeting of Tri-City Regional Port District commissioners.

The installation was recommended by the port engineer for proper handling of chemicals stored in the tank which is subleased by Allied Chemical Corp. from National Marine Service. Authorization was given Port Manager Carl Rant to seek bids for a truck scale to be located at the entrance to the Port District property and for award of a contract for cutting five-foot weeds on the area of the tract recently cleared.

Two new commissioners, Homer Huber and Carl Mathias, attended their first official board meeting, and prior to the session were given a review of the port activities and facilities. Rant was authorized to have the district's annual financial statement printed.

Groups May Rent MAA Festival Booths

Local organizations are invited to sponsor booths in the ninth annual "Fall Festival" of the Mitchell Athletic Association set for Friday, Saturday and Sunday, Sept. 5, 6 and 7, at the MAA athletic fields.

Stan Lucas, chairman of the concession stand committee, is asking interested Quad-City groups to contact him at 931-1585 after 6 p.m. or 931-0188 during the day for information on booth space.

The public festival will feature carnival rides, games, entertainment and novelty booths. Proceeds are used to support youth work of the volunteer association.

DRIVER-TESTING DEVICE that will be in a United Fun Fair booth at the Wilson Park rink-pavilion Sept. 27-28 to challenge the abilities of local motorists.

A Booth with a Challenge Planned at United Fun Fair

A booth that will challenge Quad-Cityans' ability to stop a car will be one of the attractions at the United Fun Fair on Sept. 27-28 at the Wilson Park rink-pavilion.

Howard Kaseberg, "ringmaster" for the Fun Fair, said the special booth has been arranged by the Coordinated Youth Services office, a United Fund agency, through the cooperation of the Aetna Life and Casualty Co. of Hartford, Conn. The special device, known as a portable reactor, measures the time required to apply the brake after recognizing danger on the highway, Kaseberg explained.

Consisting of a cabinet with red, yellow and green "traffic" lights, the reactor measures the time a motorist takes to shift his foot from the accelerator to the brake pedal whenever the light changes to red.

Both accelerator and brake pedal are attached to the device in simulated normal driving position. Each driver, Kaseberg said, as he is tested gets a scorecard showing his reaction time and the number of feet his "car" would have traveled before the brake was applied at speeds from 20 to 80 mph.

Comparative distances for reaction times from one second to one-eighth of a second also are shown.

The average reaction time shows a car going 20 mph will travel 18 feet before the driver begins to apply the brake. At 60 mph, the distance jumps to 55 feet. A motorist who takes one second to react, will have gone 20 and 88 feet at these speeds.

Fight Grass Fires
Venice firemen were called at 11:40 a.m. Tuesday to fight a grass fire at the Church of Christ, 1107 Logan street. Firemen, who were at the scene 20 minutes, said they did not learn how the fire started. There was no damage. Venice firemen also were called to a grass and rubbish fire on Terminal Railroad Association property at Second and Kerr streets at 10:35 p.m. Monday. They were at the scene 20 minutes. There was no damage.

Wounded Local Marine Transferred to Japan

Marine Lance Corporal Carroll "Joe" Wallace, wounded in action for the second time in 14 months on Aug. 1 while on patrol in Quang Nam Province, Vietnam, has been evacuated to the 106th General Hospital at Yokohama, Japan, a telegram informed his parents, Mr. and Mrs. Pete Biljick, 611 Fillmore street, Venice, this week.

A letter written for the local serviceman, also received this week, reported he was "doing fine." He told his parents not to worry—"I am a grown boy now and can take care of myself," the letter stated.

Lt. Wallace suffered a gunshot wound to his right leg from hostile small arms fire which caused a leg fracture. He incurred the wound while patrolling with his Marine unit in Quang Nam Province, located near the Laotian border in the northern sector of South Vietnam. Initially, he was hospitalized on the U. S. Naval Hospital Ship, USS Sanctuary, off the Vietnam coast.

The Venice Marine entered the Corps in March 1966 and first served in Vietnam from September 1966 to June 1967. He was also wounded in the right shoulder on June 2, 1967, by enemy rifle fire. He returned to combat duty overseas the past June.

Friends may write him:

Army Seeks Authors For Rotorcraft Book

The Army is looking for up talent in the academic community, industry and the government to contribute to the first edition of its new Rotorcraft Engineering Handbook, now being prepared on a monograph basis, according to Maj. Gen. John Norton, commanding officer of the Army Aviation Systems Command, St. Louis, which has overall responsibility for the program.

The handbook, to be published in three volumes—Preliminary Design, Detail Design, and Qualifications Assurance—is being developed to establish explicit Army design and qualification requirements for rotorcraft and to give technical guidance to rotorcraft engineers in both industry and the Army. Transistech, Inc., Washington, D. C., is under contract to direct the program which marks the first time a complete set of design standards for Army rotorcraft has been assembled in a single publication. Administration direction is being provided by Duke University's Engineering Office.

Individuals, schools and firms desiring to participate in the effort may contact C. W. Messinger Jr., Transistech, Inc., 1705 DeSales street, N. W., Washington, D. C. 20034. Selection of authors presently is underway.

Delinquent Taxpayers Being Taken to Court

The first eight delinquent personal property taxpayers have been taken into small claims court by the new Madison county delinquent tax collection department in Edwardsville, it was learned this week.

Thirty-six defendants had been ordered to appear for trial, and default judgments are to be made against them, according to State's Atty. R. W. Griffith.

Sixty cases were set for the collection of back taxes unpaid for as long as 10 years. Fourteen taxpayers paid their amounts before being taken into court.

The new department has collected \$24,728 in back taxes since June 18, when notices were mailed. So far, 240 small claims cases have been filed, and more will follow, Griffith said. The court may hear as many as 300 to 400 cases a week.

The department, operated by County Treasurer John Maeras, hopes to collect as much as \$800,000 in back taxes. More than \$1 million personal property taxes are due in the county.

James Frohardt Welcoming Daughter

Mr. and Mrs. James Frohardt, 1825 Yearling drive, Florissant, Mo., are parents of their first child, a daughter, born Saturday at Christian Hospital N.W. in Florissant.

The new arrival weighed eight pounds, nine ounces, and has been named Carrie Vail. Mrs. Frohardt is a daughter of Mr. and Mrs. Carroll Vail, 1358 Chambers road, Florissant. The paternal grandparents are Mr. and Mrs. Waldo Frohardt 2311 Edison avenue.

Motorist Issued Three Traffic Tickets

Robert L. Tidwell, 20, of 2340 Paul avenue, was charged on Monday with three traffic violations, two of which were issued 30 minutes apart. He was told to report for a hearing on Aug. 27.

Tidwell was booked in the 2900 block of Madison avenue for exceeding the speed limit, and was issued two tickets for illegal transportation of alcoholic beverage and disobeying a traffic signal at Nameoki and Pontoon roads.

PRE-WEDDING PARTY FOR MISS TUCKER

Miss Cheryl Tucker, another of the late summer brides-to-be, was honored this week at a pre-wedding party and shower given by Lola Ferrer, Freddy McIlroy, Nadine Harrison, Mae Hogan, Virginia Pritchard and Charleen Sanders at Amvets Post 51 hall on Lakeview drive.

Decorations of pink and white were used, with accents of silver. White doves held paper streamers, and a huge heart with the names of the couple inscribed were on the wall directly behind the head table. The gift table held a bride doll and on the refreshment tables were centerpieces of wedding rings trimmed with rosebuds and net. Bud vases holding deep pink roses were on each of the small tables. Favors were miniature prayer books. The honoree received a corsage of white carnations.

Among those present were Henrietta Moore, Marian Moore, Kathy Barton, Dolores Robinson, Rita Clements, Francesca, Stephanie Isabella Southwick, Serilda Pasley, Joan Wachter, Rose Beasley, Frances Skubish, Sandy Hughes, Annette Simpkins, Pamela Simpkins, Betty Watts, Ruth McDonald, Betty Wilkins, Gayle Hogan, Charlotte Dams, Peggy Brooks, Marcie and Julie Johnson, Sylvia Simurda, Sharon Henson, Sue Papanovich, Rosie Jackowski, Arlene Sues, Pauline Wickham, Janet Harrison, Margie Smith, Imogene Moore, Nancy Harshany, Debbie Sanders, Lillian Barton, mother of the bridegroom-to-be, Louise Tucker, Denise and Stacey Tucker, and Mrs. Ann Tucker, mother of the bride-elect.

Games were played and prizes were awarded. Miss Tucker is to be married Sept. 6 to Bill Barton, the ceremony to take place at St. Margaret Mary Catholic Church.

MISS MARSHA LYNN WALKER, a bride-to-be. Her engagement to CW2 Larry A. Jones is announced.

VISITORS DEPART FROM SCHWARZKOPF HOME

Mr. and Mrs. N. A. Schuster and their daughters, Catherine and Suzanne, of Darien, Conn., and Sister Catherine and Sister Julia Ann of the Ursuline Convent in Springfield, Ill., have returned home after visiting at the home of Mr. and Mrs. Frank Schwarzkopf, 1633 Lindell blvd. Mrs. Schuster is a daughter of Mr. and Mrs. Schwarzkopf, and Sisters Catherine and Julia Ann are her sisters. They were formerly from Granite City.

While here the visitors enjoyed a family reunion with relatives from Edwardsville, Granite City and other places in the area.

Spring Wedding Is Planned

The engagement of Miss Marsha Lynn Walker, a daughter of Mr. and Mrs. Cy Walker Jr., 2261 Woodlawn avenue, and CW2 Larry A. Jones is announced by the parents of the bride-to-be.

Miss Walker, a June 1968 graduate of Granite City high school and a 1969 graduate of the Patricia Stevens Career College in St. Louis, is now living in Washington, D.C., where she is employed by the Federal Bureau of Investigation.

Her fiancé is a son of Mr. and Mrs. William R. Jones of Litchfield. He was graduated from the Litchfield high school in 1964 and entered military service in 1966. After receiving his commission and wings as a helicopter pilot at Fort Rucker, Ala., in September 1967, he served 13 months in Vietnam with the 123rd AVN Co. He is presently stationed at Fort Worth, Texas, as a TAC officer. Plans are being made for a spring wedding.

Garden Club Views Exhibits

The Cloverview Garden Club met Tuesday afternoon with Mrs. Leo Roman, 3213 Colgate place.

A dessert course was served to 10 members and a guest, Mrs. John Harriall, and the meeting opened with the club Collect by Mrs. B. C. O'Neill.

The program consisted of the topic "Flower Shows and Table Settings" by Mrs. Charles Gandorff, and the study for the day on "Horticulture, Calendar for Growing: July and August."

The club voted to participate in the Numeoki Village Charity Day Friday, Sept. 12, and the members viewed a table setting of petunias made by Mrs. John Jenkins, and another exhibit of zinnias, particularly the new "Green Envy," also by Mrs. Jenkins.

SHOWER HONORS MISS ZIMMER

A miscellaneous bridal shower was given this week at St. Peter United Church of Christ by Mrs. Janis Bright for her sister, Miss Barbara Zimmer, who will become the bride of Richard Schell of Belleville Sept. 5 at St. Peter Church.

The bride's table was decorated with a miniature bride centerpiece, and favors were the names of the bride and groom and the wedding date. All of the appointments were carried out in pastel blue and white.

Among those present were the mothers of the bride and groom, Mrs. Leona Zimmer and Mrs. Freda Pierce, Mrs. Clifford Mason, Mrs. Jenna Johnson, Miss Barrie Massie, Miss Jayne Dulgeroff, Mrs. Debbie Mills, Miss Alice Cross, all of Granite City, with the exception of Mrs. Pierce, Mrs. Janet Wood of Florissant, Mo., Mrs. David Adamson, Charleston, Ill., Miss Becky Saunders, Hillsboro, Ill., Mrs. Larry Zimmer, Edwardsville, and Mrs. Betty Tucker, St. Louis.

Games were played and prizes were awarded. Refreshments were served by the hostess.

GC Clean Air Board Seeks Meeting with Union Division

Authorization was given Monday night by four members of Granite City's Air Pollution Control Board for the city's acting technical secretary to confer with officials of Union Division, Miles Laboratories, Inc., on a complaint of fallout of four types of materials.

Appearing before the board was Jodie White, 2208 West 20th street, who lives directly across the street from the plant, who said his apartment is in a direct line with the firm's stack and that he has sustained property damage.

Samples of several types of materials, which White said came from the firm's stack and from vents, were viewed by the board, and Acting Technical Secretary David Brooman was instructed to run tests on them as well as to confer with plant officials.

Conference to be Set

While the Air Pollution board members noted that Union Division has been most cooperative, commissioners called for an explanation of the fallout from company officials and a possible outline of steps to be taken for curtailment. Testing devices are to be set up at White's home.

White said some emissions occur as often as once a week and others "about every two weeks." Brooman answered that it was unlikely that air pollution ordinances were being violated since most are based on continuous emissions.

The materials submitted to

the board included a powdery sand that was gray in color which he said came from a vent, and another was a brown, flaky substance up to a square inch in size. White said a black substance also is emitted.

Auto Finish Damaged

White said the brown and black substances are emitted from the stack and that his property was damaged last week when there was a fire in a gluten drier. He said the brown substance was hot last week and damaged the finish on his 1961 white auto, his truck and his camper unit. He said the substance is moist and sticky and smears and stains.

The resident noted that one Sunday in spring his wife left the apartment to go to church wearing a new white blouse and that it was stained and "had to be thrown away."

White pointed out that his apartment is in the neighborhood. "It seems to be in a direct line with the stack," he explained. Brooman said that he had been given other samplings from different locations in the area of the plant, supplied by the city inspection department.

To remove the brownish staining from his auto, White said a cleaner is needed. He added that last May he had filed a claim against the company for damage to his home and that it was turned down by an insurance firm.

Proposed by Chairman
Henry Bieniecki, air board

chairman, said that perhaps the board should gather evidence of every fallout in all sections of the city and data be made available to residents. No action was taken by the board due to the lack of a quorum.

Other commissioners present were Theodore Macdon, Lance C. White and William Kruse. Board members discussed briefly a possibility of again seeking a grant of federal funds and an appeal to the city council for next year's budget to include sufficient funds for a full-time staff in order to qualify for an exemption from the state to provide for local enforcement.

A monitoring report submitted by Brooman showed no decline in particulate matter during July at the network of stations. The measuring devices are at the main fire station, in the 2000 block of East 20th street and at 15th and Madison avenue, along with state devices at the city hall and at 21st and Iowa streets. The mechanism at Lake school was out of service for the month.

Discussing this week's area meeting of the state control board, Bieniecki commented that he believed the state was lax in delaying a new enforcement of standards for a period of five years.

ORDINANCE NO. 710

AN ORDINANCE REQUIRING THE SUBMISSION OF, AND APPROVAL THEREOF, TO THE EAST SIDE LEVEE AND SANITARY DISTRICT OF ANY PLAN OF CONSTRUCTION OR ALTERATION OF ANY SUBDIVISION OR OTHER CONSTRUCTION WHICH INCLUDES OR MAY INCLUDE THE CARRYING-OF OR DISPOSAL OF SURFACE WATERS, STORM WATERS, STAGNANT OR OVERFLOW WATERS, OR OTHER WATER DRAINAGE, AND PRESCRIBING A PENALTY FOR VIOLATIONS HEREOF.

WHEREAS, it is the responsibility of, and the function of the East Side Levee and Sanitary District to provide for the disposal of, and the carrying-off of excess surface waters, storm waters and stagnant or overflow waters within the territorial limits of said district, and

WHEREAS, in order to carry out this function it is necessary that any construction which affects the natural conditions and flow of all surface waters within the district, and to the tributaries of the drainage system maintained by the District, be planned to include and provide for the disposal of these waters in an efficient manner so as to avoid pollution and stagnation by the discharge of surface and undrained waters which constitute hazards to the public health and safety;

BE IT ORDAINED BY THE Board of Trustees of the East Side Levee and Sanitary District of St. Clair and Madison Counties, Illinois, as follows:

1. That any map, plat, or plan of construction which includes the construction, relocation or reconstruction of any road, pertaining to lands or roads within the territorial limits of the East Side Levee and Sanitary District of St. Clair and Madison Counties, Illinois, shall be submitted to the Board of Trustees of said district for their approval, before any construction is undertaken pursuant to said plan.

2. The Board of Trustees shall inspect and examine the surface drainage plan, which shall include as a part of all plans submitted to this ordinance, and make a determination as to whether or not the same conform to the surface water drainage method and plan, and if determined to be in conformity, shall provide for disposal of surface waters contemplated herein, shall approve said plan.

3. Any person, firm, corporation, agent or employee thereof, who violates this ordinance, shall be liable to the Board of Trustees of the District, which shall have the right to sue, to permit another person, who shall violate the terms of this ordinance by constructing without approval of the Board of Trustees of the District, shall be liable to a fine, for each violation, not to exceed Five Hundred Dollars, for each and every violation hereof, and the Board of Trustees shall continue to constitute a separate violation hereof.

4. That this ordinance shall be in full force and effect ten days after its passage and publication.

PASSED BY THE President and Board of Trustees of the East Side Levee and Sanitary District of St. Clair and Madison Counties, Illinois on the 21st day of July, A.D. 1969.

APPROVED this 21st day of July, A.D. 1969
MORRIS CAMPBELL
President

Attest:
BEN CAMPBELL, Clerk
STATE OF ILLINOIS
COUNTY OF ST. CLAIR

CERTIFICATE
I, Ben Campbell, Clerk of the East Side Levee and Sanitary District of St. Clair and Madison Counties, Illinois, do hereby certify that the above and foregoing is a true and correct copy of Ordinance Number 710, passed and approved and signed, on the 6th day of August, 1969.

Further, that as such Clerk of said District I am the keeper of the files and records of the District, and that the original Ordinance Number 710 is now in my office.

BEN CAMPBELL,
Clerk

GRANITE CITY BOARD OF REALTORS

ONLY MEMBERS
OF THE G.C. BOARD
OF REALTORS ARE
LISTED ON THIS PAGE

An Open Letter To the General Public

Subject: Complaints! Complaints! Complaints!

So many good people have COMPLAINED to the GRANITE CITY BOARD OF REALTORS, concerning their deals with other real estate operators that we felt compelled to give them a public answer.

Although we REALTORS sincerely sympathize with you, because we too are in the REAL ESTATE BUSINESS, our answer must be, "sorry, we can't help you, nobody can. You are strictly on your own." (NOTE: THE GRANITE CITY BOARD OF REALTORS have jurisdiction only over "REALTORS", members of the Local, State and National REAL ESTATE BOARDS OF AMERICA.) All REALTORS must subscribe to a strict code of PROFESSIONAL ETHICS similar to Doctors, Lawyers and other professional men of high community standing. Should you have a COMPLAINT against a REALTOR (and please remember this, just any real estate man is not a "REALTOR", and a "REALTOR" is not just any REAL ESTATE MAN) you can get justice, and immediately. The offender is brought before the Grievance Board for a hearing and he may be reprimanded, fined or completely expelled from the BOARD. (NOTE: Past records show one member heavily fined and two expelled for unethical practices against the general public. So we suggest you "CALL A REALTOR", a man of honor and know-how. A man with great respect for the PROFESSION OF REAL ESTATE. A full-time professional who really cares about you and the public trust, and a man who will quickly solve your COMPLAINT problems.

Sincerely yours,

THE GRANITE CITY BOARD OF REALTORS
Members, Local, State and National
REAL ESTATE BOARDS OF AMERICA

Can you think of a better place to get a used VW?

As long as you're looking for a used Volkswagen, why not get it from an authorized Volkswagen dealer like us.

We give them our 16-point Safety and Performance Inspection. When they pass, we completely recondition them and guarantee 100% the repair or replacement of all motor mechanical parts* for 30 days or 1000 miles.

Can you find a better used VW guaranteed than that?

New Car Owners Can Ignore Preprint License Plate Form

Passenger car owners who traded cars in the last 12 months but received pre-printed 1970 license applications showing the cars they traded in should disregard the pre-printed applications and obtain blank applications to register their current cars for 1970, Secretary of State Paul Powell advised today.

As the computer system being installed in the Automobile Division make additional adjustments possible, the pre-printed applications will show the currently-owned cars, except for trade-ins made late in the licensing period, but at present they show only the cars originally registered for this year. Passenger car owners in this type of situation are asked not to attempt to correct the pre-

Unique Shoe Display Open Monday at Bank

A display of strange-looking shoes will begin Monday at the First Granite City National Bank and will be there for two weeks. It was announced today by Paul Lichtenberger, bank president.

The shoes are from all over the world, including the Americas of Abraham Lincoln's day to the present. The antique shoe collection is on loan to the bank from the Wohl Shoe Co., St. Louis.

Lichtenberger said many of the shoes appear grotesque, but others look as if they stepped out of the pages of the Arabian Nights, decorated with mother-of-pearl, silver wire, sequins and even iridescent beetle wings.

Others include homemade grass and rice straw shoes, claps, long-hair for boots and elegant Chinese silk slippers that are embroidered and appliqued.

2796 Cases Started in Circuit Court in July

A total of 2796 cases were started or reinstated during July and 2785 were terminated in Madison county circuit court, according to the office of Ward Lortel, clerk of the circuit court.

The types and number of cases handled during the month include:

Law suits over \$10,000, jury, 48 started, 107 terminated, 1083 pending; non-jury, 42 started, 11 terminated, 85 pending; law suits of \$10,000 and under, jury, 21 started, 14 terminated, 542 pending; non-jury, 46 started, 29 terminated, 535 pending. Small claims, 322 started, 227 terminated, 1556 pending; tax, one started, 26 terminated, 853 pending; miscellaneous remedies, two started, eight terminated, 212 pending; chancery,
